TAFT RETURNED FROM MAINE TRIP

President Back at Summer Capital With Busy Time Ahead of Him.

PLEASED WITH OHIO NOMINEE

Sent His Congratulations to Harding Yesterday—Large Number of Engagements at Beverly—A New Office.

Beverly, Mass., July 23.—President Taft's ten day's vacation cruise along the Maine coast ended at 3 o'clock this afternoon when the Mayflower dropped anchor in Beverly harbor

The President thoroughly enjoyed the cruise despite the mishap to his ankle which ended his golf playing. The ankle is nearly well now.

Immediately after coming ashore Mr. Taft sent for all of the morning papers available and read the details of the Ohio State convention's proceedings on yesterday and the full text of the platform adopted.

It is not likely that Mr. Taft will make any formal comment on the situation in Ohio or upon the platform. He sent tonight the following wire telegram to Warren G. Harding, the Republican nominee for Governor of Ohio:

"I sincerely congratulate you on your nomination and earnestly hope that you may be elected."

The statement was reiterated here today that President Taft did not take any active part in the shaping of the Ohio platform.

The President has a busy time ahead of him. A large number of engagements already have been made and it is said there will be a continual stream of prominent visitors to Beverly from now on. William L. Ward, Republican National Committeeman for New York, will be one of many political leaders who will see the President.

The executive offices are to be moved from the board of trade rooms in the center of the city to the water front, where an old colonial mansion has been leased for the purpose. The new offices will be much nearer the President's cottage and he may decide to spend the working hours there instead of in his own library.

LUMBERTON AFFAIRS.

Republican County Convention—Johnson City Excursion—Notes.

(By Long Distance Teleghone.)

Lumberton, N. C., July 28.—The Republican county convention for the purpose of selecting delegates to the different conventions held here today, Chairman S. A. Edmunds presiding. The convention is said to have been the most largely attended of any Republican meeting held in this county for several years and was harmonious throughout.

For getting full of booze and raising a disturbance about 12 o'clock last night, Jake Rogers, colored, was today taxed $13.45 by the Mayor.

The young men of the Commercial Club entertained a number of young ladies in the club reading rooms tonight. Vocal and instrumental selections were rendered, refreshments served and an evening of much enjoyment was spent.

Mr. John Musselwhite, of Howellsville, 65 or 75 years of age, was painfully injured here this afternon as the result of his mule's taking fright at an automobile and attempting to run. Mr. Musselwhite was knocked down and badly bruised, but Dr. McPhaul, who gave him necessary surgical attention, does not think any bones were broken.

About 150 people went from here on the Johnson City excursion today. They will return, leaving Johnson City at 3:30 o'clock tomorrow afternoon.

COTTON SAMPLES SENT OUT

Comprises Nine Standard Grades Approved by Exchanges.

Washington, July 28.—Sample boxes of Government standard cotton samples, which comprise nine grades, are being sent out by the Department of Agriculture. The standards have been adopted by the M mphis Cotton Exchange and have been approved and probably will be adopted by the New York and New Orleans cotton exchanges.

The trade recognized a grade between each of those adopted by the government and three grades above and three below the government scale. The original standard samples have been placed by the Department of Agriculture in vaccuum tubes, so that they will neither deteriorate or change color.

JEWELERS NAME OFFICERS.

Convention Held at Detroit—Next Year at Richmond.

Detroit, Mich., July 28.—At today's session of the convention of the American National Jewelers' Association the following officers were elected:

President, Steel F. Roberts, Pittsburg, Pa.; first vice president, T. L. Combs, Omaha, Neb.; second vice president, George H. Tucker, Chicago; secretary, Claude Wheeler, Columbus, Mo., and treasurer, Charles Artes, Evansville, Ind.

In an exciting contest for the 1911 convention, Richmond, Va., won over Denver, Pittsburg and St. Louis. The convention will adjourn tomorrow.

MINNESOTA CLANS HAVE WARM FIGHT

Clash Over Nominee For Governor and County Option Resolution.

WILD DISORDER PREVAILED

Democrats Denounced Republican Issues and Condemned the Administration—Weakness of Taft Deplored—Details.

Minneapolis, Minn., July 28.—Democratim storm signals which were flying when the State Democratic convention met here today were torn to shreds by the tempest of feeling which was let loose late this afternoon over the nomination of John Lind, for Governor, and the attempt to introduce a direct resolution in the party platform favoring county option.

For more than three hours there was no let-up to the scene of disorder except for a few moments when Chairman Michael Daly managed to make himself heard after terrific pounding with a piece of two by four scantling which he used as a gavel.

The ticket named is: Governor, John Lind, Minneapolis; Secretary of State, Fred W. Johnson, New Uum; Attorney General, J. M. Freeman, Olivia; State Treasurer, Charles F. Ladner, St. Cloud.

Mutterings of the trouble were heard early in the day and an unusual condition existed. The entire delegation was as a unit in declaring that John Lind was one of the best Democrats in Minnesota. The delegates were all his friends, but divided into two factions. One insisted that Lind must be nominated despite his repeated refusal to be a candidate and his final flat declaration in a telegram from Portland, Ore., yesterday, that he would not accept the nomination while the other faction argued that he had been Governor of Minnesota, and had nothing to gain by the nomination, and that he was of sufficient importance to have his wishes heeded by the convention.

The latter faction shook fists at the chairman and at the other side while those bent on nominating Lind howled, hissed and completely blocked the proceedings, until by sheer force of noise and enthusiasm they won their point and secured the nomination.

Even then the friends opposed to the nomination took advantage of a motion to make the nomination unanimous, to argue. They wanted to submit the nomination to Mr. Lind by telegraph and await his answer—to take a recess till 8 o'clock tonight if necessary—but this failed, and finally the nomination was made unanimous and the convention adjourned at 6:33.

Other nominations were made by acclamation.

On the matter of resolutions there was no contention except for a plank on county option. The anti-county optionists were in the saddle in the committee on resolutions. This committee heard the resolutions offered by the county optionists and then voted them down and inserted a plank declaring for the initiative and referendum, which the committee declared would answer the same purpose.

On the other resolutions in the platform there was no fight. On National issues, the platform says:

"We deplore the weakness and timidity of President Taft who with his own campaign promises still fresh, but dominated by the predatory interests, weakly failed to use the tremendous forces of his high office to force a recreant Congressional majority to do its duty on tariff reform. No subsequent effort to fulfill party promises can atone for this supreme failure to restore public confidence.

"We condemn the National administration for its initial failure to prevent the conservation of natural resources and have nothing but contempt for its insincere efforts to appear to support conservation after public disapproval of its course was manifested.

"We condemn the retention of Richard A. Ballinger as Secretary of the Interior after the exposure of his methods of conducting the affairs of that office relating to conservation and declare it to be a National scandal.

"We deplore the discharge of Gifford Pinchot from the office of Chief Forester as a National crime.

"The Democrats of Minnesota commend the Republican insurgents of Minnesota for their vote on the Payne-Aldrich tariff bill.

"We demand the election of United States Senators by direct vote of the people.

"We strongly commend the course of Winfield Scott Hammond, the Democratic Representative of Minnesota in Congress and urge the people of his district to re-elect him."

Lind Will Not Accept.

St. Paul, Minn., July 28.—Fomer Governor John Lind will not accept the Democratic nomination for Governor of Minnesota, according to a dispatch received here tonight by the Pioneer Press from Everett, Wash., where Mr. Lind has been visiting his son, Norman.

The son is quoted as saying that his father would not accept the nomination.

For Tomorrow's Dessert

Get a bottle of rich, delicate Blue Ribbon Vanilla Extract to flavor with.

MERGER OF MILLS IN COTTON TRADE

Combine Represents 22 Companies and 35 Principal Brands.

LARGEST IN UNITED STATES

Concerns in Merger Have Annual Output of Approximately $18,000,000—Myron C. Taylor Head of Big Corporation.

New York, July 28.—New England, New York and Baltimore mill owners, bankers and capitalists incorporated today the International Cotton Mills Corporation, under the laws of New York, with an authorized capital of $10,000, seven per cent, cumulative preferred stock, and $10,000,000 common stock.

A statement issued this afternoon by Myron C. Taylor, president of the new corporation, says that textile mills, sales and distribution agencies in this country and Canada, which manufacture and sell 3,000 varieties of cotton fabrics are included in the merger. The properties consolidated represent 22 mills and 35 principal brands, owning 10,000 acres of land part of which is under cotton cultivation and employing 10,000 hands, with an aggregate annual output of approximately $18,000,000.

Among them are the Stark Mills, of Manchester, N. H.; the Mount Vernon Woodbury Cotton Duck Company, the Consolidated Cotton Duck Company, the Boston Yarn Company, the Bay State Cotton Corporation, the Eastern Mills and the Maryland mills.

President Taylor is president of the American Commercial Corporation and a director of the Bay State Cotton Corporation, the Boston Yarn Company, the Lowell Weaving Company, the Mercantile Corporation and other interests in the trade. Other officers are:

Charles M. Warner, New York; Thomas M. Turner, New York; and P. T. Jackson, Boston, vice presidents; J. D. Armitage, Boston, general manager; Augustus P. Loring, Boston, treasurer; David H. Carroll, Baltimore, secretary and S. Davies Warfield, Baltimore, chairman of the board of directors. All the officers are named as directors in addition to a number of prominent men in New England, New York City and Baltimore.

Largest Merger of Kind.

Boston, Mass., July 28.—The proposed consolidation of cotton mills is said to be the largest of the kind ever undertaken in the United States. The Consolidated Cotton Duck Company which is to be absorbed by the International Cotton Mills Corporation, is a combination of duck mills, including the Stark Mills, of Manchester, N. H., and the Mount Vernon Woodberry Cotton Duck Company, of New Jersey and Maryland. The Consolidated Cotton Duck Company is controlled largely by Boston capital.

The other mills to be taken over include yarn mills in this State, and New York and two mills in Canada.

The properties represented number 22 mills, employing from 10,000 to 12,000 operatives.

EXPEDITION HAS FAILED.

Party Turned Back Without Reaching Summit of Mount McKinley.

Seward, Alaska, July 28.—The Portland Oregonian-New York Herald Mt. McKinley Expedition, headed by C. E. Cernke, of Chelan, Wash., which sailed on the revenue cutter Tahoma April 24th and which followed Dr. Cook's route up the Susitna and Chulitna rivers failed to reach the summit of Mt. McKinley and is now on the way back to Seward.

The climbers ascended the peak alleged by Cook to be the summit, but it is ten miles from the topmost point of the mountain, they said. The Cernke party was unable to see the flag which the Thomas Lloyd party is alleged to have planted on the summit last April, and the members are disinclined to believe the story told by the Fairbanks Expedition.

The party headed by Prof. Herschel Parker, of New York, and Belmore Brown, of Tacoma, is still endeavoring to ascend the mountain.

This news was brought to Seward today by W. McDaugal, president of the Cache Creek Mining Company, who met the Cernke party a few days ago at Susita station.

TO OBTAIN GOOD ROADS.

Co-Operation of Federal and State Governments Advocated.

Niagara Falls, N. Y., July 28.—Co-operation between the Federal and State governments in the good roads movement was advocated today by the speakers at the opening session of the third annual convention of the National Good Roads Congress.

B. F. Yoakum, of the St. Louis and San Francisco Railroad, and Congressman William Sulzer, of New York, favored the idea of Federal government loaning money to the State for road building. In the general discussion which followed, Martin Dodge, of Washington, spoke in favor of the National government making appropriations equal to the amount expended by the States for road construction.

Warren G. Harding Leads Republicans of Ohio

Warren G. Harding, who has received the Republican nomination for Governor of Ohio, has a reputation of being a successful business man, politician, and editor. He began his newspaper labors when but nineteen years of age, when with only $100 of borrowed capital he and two partners secured control of the Marion (O.) Star, which was then in a very unprosperous condition. After he had made a success of his newspaper venture he entered politics and was elected to the Ohio Senate, of which body he soon became a very influential member. He was born in Morrow county, O., in 1865, and comes of sturdy Pennsylvania stock.

WIDER'S THEFT IS SMALLER

Losses of Chinese-Russo Bank Will Not Exceed $500,000—Youthful Cashier Still A Fugitive—Statement Issued.

New York, July 28.—The New York agency of the Russo-Chinese bank issued a cheerful statement tonight, lightening by $100,000 the gigantic stock and bond theft with which its youthful cashier, Erwin Wider, now a fugitive, stands accused. The bank's loss, says the statement, will not exceed $500,000. Heretofore the most conservative estimates placed the value of missing securities at $600,000.

With the grand jury investigation of the case now under way, Wider's whereabouts is still a mystery, although it was reported today that he was under surveillance at White Plains, N. Y, only 22 miles from New York City. This could not be confirmed.

Witnesses including representatives of stock exchange houses with which the erratic young speculator had dealings were examined by the grand jury today, and it was rumored tonight that an indictment had been found. If so, it had not been handed up in court.

Whether Wider was at any time pronouncedly successful in his stock market plunges is a matter of debate. At any rate his operations were on no mean scale. During a 12 month, it was learned today, one firm bought $800,000 of stock, for his account and it is assumed that he must have been on the right side of the market at times although he is said to have lost heavily as a bear during one of the great bull movements in cotton.

The statement issued tonight by the bank says in part: "A full examination shows that the loss cannot in any event exceed $500,000 and of that amount a large sum is certain to be recovered by the bank. The robbery cannot in any way either affect the normal course of business of the bank nor exert any influence upon the bank's dividend."

OUTLINES.

A big merger of cotton mills into the International Cotton Mill Corporation represents 22 companies and 35 of the leading brands. The aggregate output approximates $18,000,000——Faction clashes occurred in the Minnesota Democratic convention yesterday over the nominee for Governor and an attempt to introduce a resolution for county option. It was a warm fight and a strong platform was adopted.——The Chinese-Russo bank issued a statement yesterday which places the theft of Cashier Wider at $500,000.——President Taft arrived at Beverly, Mass., yesterday from his Maine trip and has a busy time ahead of him. He is satisfied with the nominee in Ohio.——Associate Justice Lurton addressed the joint session of the Maryland and Virginia Bar Association at Hot Springs, Va., yesterday.——It is believed that the murderer, Dr. Crippen, is aboard the steamer Montrose, bound to Montreal.——New York markets: Money on call easy 1 1-2 to 2 per cent., ruling rate 1 3-4, closing bid 1 1-4, offered at 1 1-4. Spot cotton closed quiet, 20 points higher, middling uplands 16.05, middling gulf 16.30. Flour quiet and a shade easier. Wheat spot easy, No. 2 new red 1.08 elevator to arrive and 1.09 1-4 f.o.b. Corn spot easy, No. 2, 73 1-2 nominal elevator, domestic basis to arrive. Oats steady. Rosin and turpentine steady.

TABLEAUX AND RIVER PARADE

Fourth Day of Newbern's Great Bicentennial—Firemen's Horse Hose Wagon Races Yesterday. Asheville The Winner.

(Special Star Telegram.)

NIewbern, N. C., July 8.—Ten thousand people saw the historical tableaux and illuminated parade on Neuse river tonight. The scenes were from North Carolina history on a barge anchored in the stream. This was followed by a water parade of fifteen brilliantly lighted vessels from which red lights and fire-works were shown.

From a pier great masses of fireworks were set off with all the latest novelties in pyrotechnics. The judges were Mr. Wm. Blades, Captain Gaskill and Miss May Hendren, who were on the revenue cutter Pamlico. It is considered the most brilliant affair ever seen in the State.

Tomorrow the firemen continue their races and in the afternoon the boat races will take place on Neuse river.

It is estimated that 8,000 people witnessed the horse hose wagon races this morning, Asheville winning first prize of $100, time 30 1-5 seconds, Asheville No. 2 taking second prize of $75, time 30 2-5 seconds and Kinston and Capital No. 3, of Raleigh, tieing for third prize of $50, time 31 seconds. Rescue No. 1, of Raleigh, made it in 31 2-5 seconds; High Point 32 1-5; Statesville 34 and Sanford 43. The record is still held by Asheville, made on its home course last year, 26 4-5 seconds.

Resume of Races.

Newbern, N. C., July 28.—Exciting contests marked today's session of the North Carolina Firemen's Association. In the hose wagon races, 200 yards distance, Asheville No. 2 won first prize, $100, with Asheville Company No. 1 second. The time 30 1-5 seconds, is a record. The hand reel race over a distance of 150 yards was won by Salisbury Southside, with Salem Company second, the grab reel race over 100 yards was won by Salem with Salisbury Southside a close second; both teams in this event broke the record, which had been 17 3-5 seconds for the distance.

This evening a historical parade, a water carnival and a display of fireworks, both on land and water, brought the programme for the day to a close.

WON DECISIVE BOAT RACE

Sewanhaka Retained By Manchester Yacht Club—Canadians Lose.

Manchester, Mass., July 28.—The Sewanhaka cup stays in the States, for its defenders the Massachusetts, of the Manchester Yacht Club, outsailed and out drifted the Canadian challenger, St. Lawrence, of the Royal St. Lawrence Yacht Club, in the third and final race today. The race was won in three straight victories. The conditions were the best three in five. After a futile effort to follow the Massachusetts a third time round the four mile triangle today, the St. Lawrence withdrew, and hauling back to the finish helped celebrate the victory of her opponent.

The Massachusetts crossed the finish line with 27 minutes and five seconds to spare.

The elapsed time of the three rounds were as follows:

Fiifrst Round—Massachusetts...43:31
St. Lawrence....47:07

Second Round—Massachusetts...48:50
St. Lawrence....50:12

Third Round—Massachusetts..1:30:31
(St. Lawrence did not finish.)

DR. H. H. CRIPPEN ON THE MONTROSE

American Dentist Sought in Connection With Disappearance of Wife.

WIRELESS FROM ON BOARD

Incontrovertible Evidence That Much Sought Man is in Company With Miss Leneve—Detectives Are Vigilant.

New York, July 28.—Plugging tonight through the Labrador fogs, the dispassionate engines of the steamer Montrose are bringing momentarily nearer to identification two passengers on board, supposed to be Dr. Hawley H. Crippen and his fugitive companion, Ethel Leneve, who are wanted by the London police in connection with the disappearance of Crippen's wife.

Their fellow passengers know nothing of the suspicion that attaches to the couple. The two suspects are not under arrest. They also are ignorant of the wireless messages of inquiry and conjecture that are flashing over their heads from police headquarters thousands of mile remote.

The most important of these messages were the communication to the Associated Press, directing wireless operator on the Montrose, presumably sent with authority of the captain, in which it was flatly stated that two suspects agreeing with the police description of Dr. Crippen and Ethel Leneve were on board.

Other messages fished out of the air were addressed to Quebec, Montreal and Ottawa. The authenticity of some of them was denied, but all were in the same tenor—indicating a growing conviction that the world-wide hunt for Dr. Crippen is at least nearing its end.

The Montrose is a slow ship. At her best she should do about 15 knots an hour. Baffled by the fogs she will be held back for an indeterminate time. Granted that when her message to the Associated Press was sent she was 150 miles east of Belle Island on the coast of Labrador, she is still approximately 850 miles east of Father Point, fully 56 hours of steaming. It seems possible, therefore, that she will not reach her first stopping point before Saturday morning.

In the meantime the Laurentic, bearing Inspector Dew, who knows Dr. Crippen personally, has passed the Montrose, and should reach Father Point tomorrow. The trap is sprung but it is not certain yet that it has closed on the Quarry.

Father Point, Que., July 28.—The captain of the steamship Montrose, nearing this port, after a voyage across the Atlantic, flashed to the Colonial government at Ottawa today a wireless message in which he said, according to apparently authoritative reports here, that he had incontrovertible evidence of Dr. Hawley Harvey Crippen's presence aboard.

It is the first wireless communication received from the Montrose on this side of the Atlantic.

If correctly interpreted, Scotland Yard's guess thus becomes a reality, for since leaving English ports it has been suspected that the Montrose carried the American dentist sought in connection with the disappearance of his actress wife, Belle Elmore, formerly of Brooklyn, N. Y.

After the receipt of the message here the wireless operator at once began sending messages to the Montrose. They are supposed to have been instructions coming from Ottawa, but nothing of their text could be learned.

Quebec, July 28.—The following wireless message was received tonight by the Chronicle from Point Amour:

"7:31 P. M. Crippen on board Montrose inward bound 200 miles east."

The dispatch is presumed to be a wireless message from the steamer Laurentia. A second wireless message received this evening was from Inspctor Dew. It was addressed to Detective Walsh, and asked him to obtain leave from the immigration and marine authorities here for the landing of Dew at Father Point. The necessary permit was granted.

On board the steamship Montrose, at sea by Marconi Wireless, via Father Point, Quebec, July 28.—"Associated Press, New York: Suspected persons answering the police description of Crippen and Miss Leneve on board. No arrests made. Other passengers, who are all Continentals in ignorance of the situation."

"Montrose at 4 P. M., Thursday, 150 miles east of Belle Isle. Weather foggy. "LLEWELLYN JONES,

"Marconi Operator."

The foregoing message from Llewellyn Jones, the Marconi operator on the steamship Montrose, was received in New York late tonight in response to an inquiry sent by wireless earlier in the night. It confirms apparently the belief of Scotland Yard that Dr. Hawley H. Crippen, and his stenographer are aboard the vessel.

Washington, D. C., July 28.—Owing to the discovery of the foot and mouth disease among cattle in Yorkshire, Eng., the importation of cattle from that country into the United States has been prohibited until the extent of the disease can be determined.

FORM NEW PARTY IN PENNSYLVANIA

Will Fight Democratic and Republican Nominees in That State.

REFUSED TO RECOGNIZE TEDDY

After He Had Been Proclaimed Greatest Citizen—Old Parties Denounced as Under Domination of Liquor Industries.

Philadelphia, July 28.—William H. Berry, of Delaware county, for Governor; D. Clarence Gibboney, of Philadelphia for lieutenant governor; Cornelius D. Schully, of Allegheny county, for State treasurer, and John Casey, of Luzerne county, for secretary of internal affairs, is the ticket nominated by the Keystone party formed here today to oppose the nominees of both the Republican and Democratic parties.

The convention composed of 177 delegates from 52 counties in this State denounced both the old parties as being under the domination of the liquor industries, but refused to incorporate in its platform any reference to former President Roosevelt, who was proclaimed by some of the delegates as "the greatest American citizen."

The nominee for governor was formerly State treasurer, to which office he was elected by the combined Democratic, prohibition and independent votes in the political upheavel of 1905. While in office he uncovered the State capital scandal.

In the recent Democratic State convention he was defeated for the nomination for governor, but received 109 votes. Many delegates subsequently bolted their party and took part in today's convention.

D. Clarence Gibbony, the nominee for lieutenant governor, has headed the reform ticket in nearly all the recent reform movements in this city. He has been one of the local law and order society for 20 years.

Cornelius D. Schully, a young banker and lawyer in Pittsburg, where he has been active in reform politics.

John Casey, the fourth name on the ticket, was elected to the State Legislature by the labor vote of Luzerne county and is the author of the Casey employers' liabilities bill.

The name Keystone was adopted by the convention as the party name.

The preamble to the platform adopted by the independents begins with the following language:

"Pennsylvanians are face to face with the necessity of a desperate battle for the preservation of representative free government.

"A political trust managed by cunning politicians threatens the commonwealth.

"Some of the conspirators are labeled Republicans and some Democrats; but they are all in league against the people and act in harmony with one treasonable purpose and under the orders of one head.

"Their power is based upon the illegal and unwarranted use of property and office; upon force, fraud and election crimes.

"Police protected dens of vice are made to furnish enough illegal votes to overwhelm respectable citizenship.

"Both of the tickets nominated and both of the platforms adopted, it is well understood, were dictated by the same authority and were intended for the delusion of the voters and the further confirmation of the power of the political machine."

The preamble calls upon citizens to join for the defeat of the "political partnership of the boss and the saloon."

The platform among other things advocates local self government in the matter of the liquor traffic; advocates the election of United States Senators by popular vote and calls for a Public Service Commission similar to the one in New York State.

WESTERN UNION CHANGES

Unofficial Announcement Comes Out From Atlanta—New Positions.

Atlanta, Ga., July 28.—Important changes in the organization of the Western Union Telegraph Company, effective September 1st, are expected to be officially announced within the next few days. It is said that all territory south of Washington and east of the Mississippi river except Louisiana, will be embrazed in the Southeastern Division, with headquarters at Atlanta, and an administrative system similar to that of the Bell Telephone Company is to be put into operation. B. F. Dillon, now general superintendent with headquarters here, is to be superintendent of the Southeastern Division, and will have under him district superintendents at Nashville, Atlanta, Richmond and Jacksonville.

Three new division executive officers are to be created commercial superintendent, plant superintendent and division traffic superintendent, with offices in Atlanta.

RAWN INVESTIGATION.

Taking of Testimony in Murder Mystery Concluded.

Bloomington, Ill., July 28.—The taking of testimony regarding the death of Ira G. Rawn, late president of the Monon route, was concluded at the Winneka village hall at 12:15 o'clock tonight. The members of the coroner's jury immediately retired to consider their verdict.

RACING — BASEBALL — BOXING

PRETTIEST GAME OF SEASON

Lost by Wilmington to Fayetteville Yesterday by Sheer Hard Luck—Brooks Pitched Magnificent Ball—The Score.

Results Yesterday.
Fayetteville 1; Wilmington 0.
Wilson 0; Rocky Mount 7.
Goldsboro 3; Raleigh 2.

Where They Play Today.
Wilson at Rocky Mount.
Fayetteville at Wilmington.
Goldsboro at Raleigh.

TOO GOOD TO BE TRUE.

Last night as I lay on my pillow,
Last night as I lay on my bed;
Last night as I lay on my pillow,
I dreamed that our ball team stood head!
Then I jumped up, jumped up,
Jumped up, intending to root-toot-toot!
Jumped up, jumped up,
And found it 'way down near the foot!
(As usual.)
—Washington Herald.

Wilmington lost the first game of the series with Fayetteville, on the home grounds yesterday afternoon, but with all that played as pretty game as has been played here this year. Clancy and Brooks were the opposing slabbists, and though they both hurled the game of their lives, allowing only two hits each, our Brooks had a little the better of the argument all through the nine laps, having fanned 13 men, allowed only two men to find his twisters, and didn't issue a single pass.

Capt. Clancy hit Kluttz on the arm in the eighth spell and he took first, this being the only transportation issued in the game. A part of the Fayetteville team was left yesterday morning at Fayetteville, and consequently only nine men were in Kiltie upholstery, which gave Manager Moore grounds to protest the game which he did. Not a single man on the Highlander team has played here before in the positions they held down yesterday, it being an entirely new team with the exception of Mayer in left, and Boyle in center.

Both sides were retired in one, two, three order in the first two frames, and in the third Boyle led off with a single to right, went to second while Brandt was in process of expiring on first, said stunt being pulled off jointly by Cooper and Mills. When Clancy was out on first, pitcher to first, Boyle went to third, and Dwyer, next up, spanked the pill down third base line, scoring Boyle but Dwyer was out attempting to hook another bag.

In the last half of this spell, Kluttz hit to pitcher's box, and went to second when Clancy couldn't find first with the ball. Mills was put on second to run for Kluttz, but Kite couldn't see 'em, Brooks found one but Boyle intercepted it in its journey to center field, and Cooper fouled to first.

Following the third for three and one-half laps, it was three up and three down without an exception, but in Wilmington's half of the seventh, after Dubbs had expired on first, Tydeman met one of the tall one's fast shoots, and lifted it to left field, but only got one bag, later purloining second and annexing the third, while Mills was getting his via the fly out line, but with Tidy Ty. on third the best Burke could deliver was a foul into catcher's hands, and the suspense was ended.

The last two heats were the same as the others—one, two, three and out.

The Tabulated Score.

Fayetteville.	AB	R	H	PO	A	E
Dwyer, 1b	4	0	1	10	0	0
Landgraff, 3b	3	0	0	2	4	0

Summary—Left on bases, Wilmington 2; sacrifice hits, Brandt; stolen bases, Tydeman; struck out by Clancy 7, Brooks 13; hit by pitched ball, Kluttz; time 1:15; umpire, Henderson; attendance 450.

SAILORS WON—MONDAY.

Flunked again!

We should have had that game.

Our Brooks surely was the candied fruit yesterday, and then some.

Brooks was as tight with free transportation as the Interstate Commerce Commission.

Kluttz got a light tap on the arm in the eighth inning, but didn't get further than the initial sack.

Not satisfied with holding them down to two measly little hits Brooks retired an even baker's dozen via the strike-out route.

Several of the Kilties got left at Fayetteville yesterday morning, only nine men getting here in time for the game, and this included three pitchers.

Twirler Foltz, who signed with the locals before the season began, but was forced to return home on account of trouble with his eyes, was on the lot yesterday, and was warmly greeted by the fans.

Hurrah for "Little Rath". Report of the Cleveland-St. Louis game in the American League in this morning's paper, says that he played his maiden game with Cleveland and fielded brilliantly.

Landgraff, Peachtree and Hartley fanned wildly at those mysteries which Brooks was hurling over in the fourth frame, but couldn't solve a single one of them and expired in order. And in the next session two of the Scots met the same fate.

"Smiling Al" Orth came in yesterday evening, having been held up in Goldsboro on account of a wreck causing him to miss the morning train. He will be in Sailor garb today, and is expected to make a strong addition to the Navigators' batting crew.

In striking contrast to what he has been doing the past ten days, Burke couldn't find those twisters of Clancy at all and when a little single would have tied the score, the best he could do was to impede its course just enough to drop a foul in Hartley's hands.

With the addition of one or two men who could hit the ball in a pinch, the Sailors would figure much oftener in the winning column than they do. The weak point is inability to hit when it is of value, and if this could be removed with the grade of fielding the team is doing, they couldn't help but win. It seems strange that Fayetteville secured an entirely new team, and a winning one, too, in less than a week, while the local management encounters serious difficulties in getting any new men at all. Seems that they are not in as close touch with the big leagues as they should be.

POUNDED THE PITCHERS HARD

Griffin Got Sweet Revenge on Tobacconists—Railroaders Won Seven to Nothing—Twelve Hits on Two Twirlers.

(Special Star Telegram.)

Rocky Mount, N. C., July 28.—Pounding both Wilson pitchers hard made a one-sided exhibition of today's game. Twelve safe ones were chalked off the Tobacconists' two flingers and the runs came easy. Griffin, for the locals, yielded three well scattered hits and he got his revenge for the swatfest of a previous visit when the Tobacconists drove him from the mound.

ROOSEVELT TO GO EASY.

Over Troublesome Sea of National Politics—Engagements.

Oyster Bay, N. Y., July 28.—Before Theodore Roosevelt launches out on the troublesome sea of National politics he will scan the chart of those of his friends who already have tested the temper of the storm.

The colonel repeated his statement of last night that he was unwilling to comment on the action of the Ohio Republican State convention until he had received reports from men who were on the ground, but he added who these men will be. They are James R. Garfield, of Cleveland, who withdrew his name from the convention, and Wade H. Ellis, chairman of the Ohio Republican Committee. Gifford Pinchot will later bring soundings from farther West.

Mr. Ellis, it is thought, will ask Col. Roosevelt to stump Ohio for the ticket nominated yesterday. The colonel would not say tonight whether he will accept. His decision is awaited with the more interest, now that it must give some indication of how he relished the rebuff administered in the contion to Mr. Garfield and his fellow progressives. The colonel already has agreed to speak at Cincinnati on September 9th, but it is unlikely that he will venture on State issues then.

Mr. Roosevelt did not know tonight when to expect either Mr. Garfield or Mr. Ellis.

Gifford Pinchot, now in California, is to take the stump for Hiram Johnson, insurgent candidate for the Republican nomination for Governor, will bring back word of how the West feels toward conservation, which is to be one of the colonel's chief topics in his two tours of the West and the South. He inquired today with considerable interest when Mr. Pinchot was due to return.

IN CHINATOWN.

Chinese Minister at Washington Will be Again Appealed To.

New York, July 28.—Once again New York's "Chinatown" is on the verge of war. After a fortnight's continuous effort to bring about a permanent peace between trivial Tongs, the special committee of the Chinese public chamber has reported that its efforts have come to naught.

A majority of the Four Brothers Society have refused to accept the terms tentatively approved by the leaders and the On Leongs are unwilling to make further concessions.

Chu Chung Tang, commercial attache to the Chinese legation at Washington, has decline to act as arbitrator in the difficulties and the Chinese minister will be appealed to again.

GIANTS WIN FROM RED BIRDS

Score Three to Two at Raleigh Yesterday—McDonald Bats Out Home Run—Attendance Was Disappointing.

(Special Star Telegram.)

Raleigh, N. C., July 28.—A beautiful home run by McDonald was the star feature of a real live game today in which Goldsboro won over the Raleigh Red Birds 3 to 2. The attendance was disappointing as the first game after re-organization and a popular subscription to save the team.

ARRESTED IN NEWBERN.

Young Man and Young Woman in Limbo There on Telegram.

(Special Star Telegram.)

Newbern, N. C., July 28.—The chief of police in this city received a telegram yesterday morning from the chief of police at Washington, N. C., asking him to be on the watchout for Miss Nellie Small, of Frapple, Md., and Wm. Stone, of Baltimore, and to hold them both if located. Several days ago Miss Small left her home presumably to visit her sister at Baltimore and was not again heard of until a few days later when it was discovered that she had left that city with Stone, who is a married man. A search was instituted and the pair were located and placed under arrest on a warrant charging them with immorality. In default of a bond of $500 Stone was committed to jail and Miss Small is being detained at police headquarters until tomorrow when the case will be tried before Mayor McCarthy.

COLORED SUNDAY SCHOOLS.

Jno. C. Dancy Principal Speaker at Newbern Yesterday.

(Special Star Correspondence.)

Newbern, N. C., July 28.—That the negro in North Carolina has gained upward of 90 per cent. in property holdings in the last 10 years, and that this race has more schools and colleges in this State than any other State in the Union were among the encouraging and interesting facts brought out in the address of Hon. John C. Dancy, ex-Recorder of Deeds for the District of Columbia, before the colored International Sunday School and Educational convention, in this city.

The founders of the North Carolina Mutual and Provident Association, of Durham, the greatest negro insurance organization in the world, was given by him as a concrete example of what the negro in this State can accomplish and such he said was due to religious influences.

Dr. James E. Shepard, president of The National Religious Training School at Durham, and Col. Jas. H. Young, president of the convention, were eulogized by the speaker for their ennobling characters and work done for the uplift of their race.

American influences upon its foreign elements for the greatest good is due largely to interdenominational movements was clearly defined in the address; and, this Christian spirit among negroes "brings to the attention of the race the need of a betterment which requires service," was effectively enunciated by him.

"A call to young men" was the subject of a well delivered address of Mrs. J. L. Warren, of Durham, at the morning's session. C. C. Spaulding, of Durham, Miss Sadie Harris, of Raleigh, Rev. J. L. Taylor, of Newbern, made excellent 20 minute addresses.

Dr. Shepard, of Durham, is speaking on the subject, "The Religious Education of the Negro." Wilmington colored churches are well represented.

ALLEGED BIG SWINDLER.

Mrs. Bull Sunk $35,000 in Fake Company—Two Arrests.

New York, July 28.—On complaint of Mrs. Mary Nevins Bull, of Newport, R. I., widow of the distinguished surgeon, Dr. William T. Bull, of New York and Newport, John Qualey and Henry Wiley Corbett, of this city, were arrested charged with the larceny of $35,000 and held in $15,000 bail each for arraignment tomorrow morning.

Corbett was seen talking to Qualey's wife in the rear of the court room, as a magistrate was listening to the complaint against Qualey, who had been picked up by detectives on the street. He was promptly collared to face the same charge.

Mrs. Bull's complaint recites that she was induced by the prisoners to invest $35,000 in an asbestos company, which, instead of doing the business of $100,000 a week, as represented, with factories at Newark, N. J., Kansas City, Chicago and Dorchester, Mass., was in reality a myth.

The ads. will show you whether or not there's a chance today to buy that piece of furniture at your price.

NATIONAL LEAGUE.

New York, July 28.—Philadelphia made only four hits off Mathewson today, but three of these came in the first inning and with a fumble by Devore netted the visitors two runs and victory. The final score was 3 to 1, the Quakers allying in the sixth inning on errors by Murray and Bridwell. New York and Boston will play one game here tomorrow instead of two as scheduled but a doubleheader will be played Saturday.

Philadelphia ....200 001 000—3 4 1
New York .....000 000 001—1 8 3

McQuillan and Dooin; Mathewson, Dickson and Myers; time 1:32; umpires Johnstone and Eason.

Brooklyn, July 28.—Brooklyn beat Boston in an eleven inning game today 1 to 0. Curtis, after pitching as effectively as Barger for ten innings, weakened in the eleventh when Daubert's double, a pass to Wheat, Hummerl's safe bunt and Sharpe's muff let in the only run.

Boston .....000 000 000 00—0 5 2
Brooklyn ....000 000 000 01—1 7 2

Curtis and Graham; Barger and Bergin and Erwin; time 1:58; umpires Rigler and Emslie.

St. Louis, July 28.—Chicago won from St. Louis today 3 to 0. Overall held the locals to five hits and was never in danger.

St. Louis .....000 000 000—0 5 2
Chicago .....001 000 002—3 8 1

Willis and Bresnahan; Overall and Kling; time 2:05; umpires O'Day and Brennan.

Cincinnati, July 28.—A fine run by Byrne from first to third on Leach's single to left was the deciding factor in today's 14-inning game, Pittsburg beating Cincinnati 4 to 2. Byrne scored on a squeeze play and Leach on Wagner's single. McLean's error gave Pittsburg its first two runs and his hit in the fourth tied the score. Suggs showed unusual control. The fielding features were two catches by Bescner.

Pitts ....020 000 000 000 02—4 10 1
Cin. .....000 200 000 000 00—2 10 1

Adams, Leever and Gibson; Suggs and McLean; time 2:30; umpires Klem and Kane.

BEST AND MOST INTERESTING.

Splendid Game of Indoor Baseball at Y. M. C. A. Last Night.

The best and most interesting game of indoor baseball played in the gymnasium of the Y. M. C. A. this season was witnessed last night by a large number of spectators who made the building ring with cheers for the Tigers as they took the first game that has been won during the league games from the Giant team. Capt. Cleaper, besides having his men in fine trim, played a star game himself, striking out nine men and fielding his position in true league style. Not until the last inning did the Giants succeed in scoring, when Haar came in on a hit and good base running. The score was 8 to 1. Umpire, Ben Houston; scorer, Sheppard.

AMERICAN LEAGUE.

Cleveland, July 29.—Cleveland defeated St. Louis today 2 to 1. Fanwell, the Virginia League recruit, made his debut and held St. Louis to four hits. But for an error by LaJoie he would have scored a shut-out. Rath played his first game with Cleveland and fielded brilliantly.

Cleveland .....000 000 200—2 5 1
St. Louis .....001 000 000—1 4 0

Fanwell and Bemis; Powell and Stephens; time 1:27; umpires Deneen and Evans.

Baston, July 28.—Long hits by Cree off Hall won for New York from Boston today the final score standing 5 to 4. Boston had three on bases with one out in the ninth, but could only score one run.

New York .....302 000 000—5 10 1
Boston .....001 011 001—4 14 3

Quinn and Mitchell; Hall, Collins and Carrigan; time 2:24; umpires Connolly and Kerin.

Philadelphia, July 28.—Washington defeated Philadelphia in a ten-inning game today by 6 to 5. The home team fielded poorly and made only five hits off Reisling, four of which were bunched in the second inning. The latter was game with a two-bagger which scored McBride.

Washington ...200 002 0011—6 11 2
Philadelphia ...030 010 1000—5 5 5

Reisling and Henry; Morgan and Livingston; time 2:08; umpires O'Loughlin and Egan.

Detroit, July 28.—Mullin pitched invincible ball against Chicago today, and Detroit won 2 to 0. The visitors repeatedly had good openings, but could not produce the hits needed to score runs. O'Leary's batting was the feature of the game, a triple and three singles going to his credit.

Chicago .....000 000 000—0 5 5
Detroit .....100 000 100—2 6 0

Young, Olmsted and Payne; Mullin and Stanage; time 1:36; umpire Perrine.

GAME AT WALLACE

Country Champions Defeat Town Team Three to Nothing.

(Special Star Correspondence.)

Wallace, N. C., July 28.—Monday afternoon the Country Champions marched into Wallace and when the "umps" called play ball on the diamond and the good work had been done, the score was three to nothing in favor of the Country Champions. Features were McDaniel's home run and the pitching of Thompson, allowing only one hit. Mr. "Bill" Hussey walked away with a 4 by 4 sad looking smile. Batteries for Wallace, Hussey and Cavenaugh; for Country, Thompson and McDaniel.

VERDICT FOR TWO THOUSAND

Suit Against Whiteville Lumber Co., in Columbus Court—County Politics—Correspondents' Association—Town Improvements.

(Special Star Correspondence.)

Whiteville, N. C., July 27.—One of the most interesting cases to be tried at our court this week was that of Mrs. Watson, who sued the Whiteville Lumber Company for the death of her husband. Mr. Watson was one of our best citizens, but deaf and dumb.

About a year ago he was walking along the track of the new railway being built by the Whiteville Lumber Co., from Vineland to Reaves Ferry, on the Waccamaw river, when he was struck by the engine and killed. His dead body was found on the roadbed by the members of his family. Suit was instituted by the widow of the deceased for damages and after a hotly contested trial the jury returned a verdict for $2,000 against the Whiteville Lumber Company.

It is thought that the court will adjourn Saturday, as many cases have been postponed. Very few people from the country are in town, as farmers are still busy putting the finishing touches on their crops.

Parties in town this week say that Hon. J. G. Butler will offer for re-election to the Legislature from Columbus county; also that Mr. A. M. Benton, of Evergreen, will be a candidate. No announcements have as yet been made for the Legislature, but we will have two or perhaps more candidates.

Mr. J. L. Memory has returned to Whiteville after a visit to his brother in Mississippi. Mr. Memory is one of our most popular merchants, and he is also a candidate for clerk of court.

Our Democratic voters are very much interested in the adjustment of the trouble between Hons. H. L. Godwin and O. L. Clark, and hope that some satisfactory settlement will be made by which a bitter and heated campaign will be avoided. It is generally believed that whichever candidate the State Executive Committee endorses will be considered by the people their party nominee, and will be elected. The feeling engendered at the Wrightsville convention is giving place to conservatism and both sides are anxious to avoid any strife.

There is an epidemic of typhoid fever in sections of our county, believed to be traceable to drinking germ-laden water. The continued rains have filled wells almost to the surface, and the water has become stale. Where families use water from bored wells there is no fever.

Mayor Davis, of Whiteville, was seen yesterday by the Star representative and asked about the street improvement work. Mr. Davis stated that they were now corresponding with Augusta, Ga., about the sand cement found near that city and he thought they would use it on Madison street, from Vineland to the Court House. This is said to be a splendid pavement, hard and enduring. The other streets will probably be sand-clayed. The town has bought a fine pair of mules, and the improvement of our streets will soon start in earnest.

The News-Reporter's correspondents Association is to meet at Wananish, on Lake Waccamaw, Friday. Several speakers will be there, among the number Prof. Beach, of Delway. The correspondents will also read papers on different subjects. The public is invited to this meeting, and a cordial invitation extended the citizens and press of Wilmington. This is more of a picnic than anything else, their big annual meeting coming off at Chadbourn in November.

The Teachers' Institute for Columbus county will convene in Whiteville Monday, and Superintendent F. T. Wooten says there will be about 80 in attendance. It is feared that the teachers will have trouble about securing board in our town, as Whiteville is one place without a single boarding house.

Some of the enterprising land-owners around Evergreen, in Tatom's township, have organized a drainage district on their own account, and by mutual consent, and will dry a large section of land. This is one of the finest and most prosperous sections of our county.

DEATH OF MISS LAMB.

Sweet Christian Character Enters Into Great Beyond.

(Special Star Correspondence.)

Garland, N. C., July 28.—On the afternoon of July 22nd at 4:30 o'clock Miss Minnie Lamb passed away at her home in Lisbon township, near this place. She died of typhoid fever. All that could be done by skilled physicians and nurses and loving friends was done but to no avail. Miss Lamb was one of the noblest women that ever was reared in this community.

Several years ago she graduated from the Training School of Nurses in Nashville, Tenn. As a trained nurse she stood in the front ranks of her profession. With a natural talent for her work and the fact that she always performed nobly and well every duty, she could not have been other than a fine nurse.

For the past two years she had held the position of nurse at the Littleton Female College. From early youth she was a consistent member of South River Presbyterian church and recently moved her membership to the Presbyterian church at Littleton.

iMss Minnie Lamb was the elder daughter of Mr. and Mrs. Allen Lamb, of Lisbon township, Sampson county. She died in the prime of her womanhood and too much could not be said in praise of this lovely character. She was noted for being conscientious and good and was devoted to her family and friends. So highly thought of was she as a Christian worker that several years ago she received an urgent call from Dr. George Worth, of Kiang-Yin to become trained nurse in the Worth Hospital at that place. Believing that her duty was to remain in reach of her parents she declined this call. Her death is a sad blow to her family. Interment was made today at 11 A. M. at the family burying ground and the funeral services were conducted by Rev. P. L. Clark, of the Presbyterian church of Clinton. U. D. C.

AFFAIRS AT STATE CAPITAL

Wreck on Southern—Young Johns Bound Over—State School Superintendents—Teachers' Certificates—Other News Notes.

(Special Star Correspondence.)

Raleigh, N. C., July 28.—A freight train wreck in which eleven loaded cars were reduced to debris in a cut near Elon College has tied up travel on the Southern Railway hereabouts for the last 24 hours, east bound trains being reported first four to six hours and then indefinitely late. Normal conditions were restored tonight.

Victor H. Boyden and Mrs. T. K. Bruner, of this city, have gone to Salisbury to attend the funeral of their brother, Jno. L. Boyden, who died yesterday at his home in Summerville, S. C. The deceased was 43 years old and leaves a widow and three children. The death was sudden.

Grand Secretary B. H. Woodell, of the North Carolina grand Lodge of Odd Fellows, is steadily recovering from the severe illness that has kept him in the hospital for two months. One while his life was despaired of.

Thomas J. Johns was bound over to the next term of United States Court here at the hearing this morning on the charge of using the mails to blackmail his aunt, Mrs. Thomas B. Johns, an attempt to compound a felony through agreement to desist from threatened prosecution in the Federal court for opening mail that was intended for him. This is the case in which Johns was arrested as he was cashing a check for $250 from his aunt, it being one he had proposed to accept and take no steps to prosecute her for opening mail that had been delivered to her but was intended for him. Johns was committed to jail in default of bond. He says he will get up a bond later.

Within the next day or two the State board of examiners will announce the successful applicants for the five-year teachers' certificates and the two-year high school certificates as a result of the examinations held under the supervision of the county superintendents of schools at each county seat July 14th and 15th. The board has been at work on the examination papers several days. There are 100 applicants for the two years certificates and 75 for the five year certificates.

A charter is issued for The Clean Seed Ginning Co., Charlotte, capital $100,000 by T. S. Young, New York; M. W. Thompson and T. C. Tillett, Charlotte.

Dr. Joyner, State superintendent of public instruction, announces the annual session of the State Association of County Superintendents of public Schools to be held at the University of North Carolina, Chapel Hill, August 30th to September 3rd. He says there have been sessions of the Association at Greensboro, the seat of the State Normal and Industrial College; in Raleigh, the seat of the North Carolina A. & M., therefore, it is fitting that it should now meet at the University of the State in order that the couny superintendents may come in touch with this great institution, its life and its work. University Inn will be headquarters for the county superintendents and the sessions of the Association will be in Gerrard Hall, the opening session to be Tuesday evening, August 30th at 8 o'clock.

ROCKY MOUNT AFFAIRS.

Accident on A. C. L. Yards—Two Sent to the Roads.

(Special Star Correspondence.)

Rocky Mount, N. C., July 28.—On the south yard at South Rocky Mount last night there was a sideswiping of cars and a derailment that made work for the wrecking crew and the big steam derrick for several hours. The accident occurred on one of the side tracks and two shifting engines assembling the many cars loaded with perishables happened to a sideswipe, and two cars and one of the engines were damaged. The cars damaged were loaded with peaches and it was necessary that they be transferred No one was hurt in the accident.

There were two additions to the road force from Recorder's court this morning when two defendants convicted yesterday failed in their last attempt at raising the money for the steep fines given them for their violations of the law. Ed. Coffield, the young negro barber who was convicted of the charge of assault on a colored girl and who was fined $50, failed to produce the money and he was sent to the roads to work out the same. The negro tailor and presser Tom Platt, by name was unable to get the money for his fine of $25 for the running of a pressing club without having first taken out the license. He was sent to the roads for two months.

ATTEMPTED ROBBERY.

Residence at Rocky Mount Entered—Thieves Ran Away.

(Special Star Correspondence.)

Rocky Mount, N. C., July 28.—A bold attempt at robbery was thwarted last night when Mr. and Mrs. Charles F. Swanson appeared at their home on Washington street, after they had gone out for a few minutes. Mr. and Mrs. Swanson returned to find that the home had been entered and that the burglars were still in the house. As they entered the house the thieves broke and ran making good their escape by the rear of the house whereby they had entered. The robbers made their entry to the house between 8 and 9 o'clock, the exact time being when the shower of rain was falling shortly after 8 o'clock.

The bureaus and dressers throughout the house had been ransacked and about $5 in money was found and taken while a pistol and a goodly amount of jewelry had been collected together. When the residents of the home appeared on the scene the burglars broke and ran and the jewelry and pistol, which were tied in a pocket handkerchief, were dropped and this was recovered. The money, however, was lost.

A chase was given but the men were not overtaken and they made good their escape. The police were notified but they are at a loss as there is positively little or no clue upon which they might work.

CITY WATER SUPPLY.

Mr. R. C. Cantwell, the Superintendent, Writes of Its Purity, Etc.

Editor Star:—Without attempting to answer the numerous anonymous articles that have appeared in the papers of the city recently, the principal theme of which seems to be to knock our unusually blessed city, I request space in your columns for a few facts in connection with the public water supply.

Having been in close touch with the management of the same for the past twenty-one years, and always deeply interested in the same, I am sure I can give facts that few have taken the trouble to ascertain. Years ago, when it was demonstrated, after the expenditure of about $30,000 on deep wells, that this source was a failure, the management of the Clarendon Waterworks Company employed the services of the foremost expert water chemist of the country, Dr. Whipple, of New York, and after careful research on his part and upon his recommendation it was decided that our river furnished the best supply of water obtainable in this section, and that all ocular as well as other objections to this water would be removed by the use of filters. The best and most scientific filter was then contracted for, and was installed subject to the approval of Dr. Whipple, who passed upon it before it was accepted by the company. In consequence, therefore, we have as fine a filter plant as is known to modern science, and is said to remove 98 per cent. of the bacteria.

Further, under the law of the State, the water is analyzed every month by the State Chemist, and his report made to the Commission. Should there be found any cause why the water should not be used for domestic purposes, the Commissioners would be forced under the law to at once notify the users of the trouble and warn them against the same. Effort has been made to have doctors of the city to examine the report of the State Board of Health on file in the Commissioners' office, but so far only five have been reached, and they all stated that the analysis was good.

I am sure that all of the adverse talk about the watter supply is caused from either prejudice or ignorance, and if the citizens would take the trouble to call at the office of the Water Commission they will find that there are no secrets to cover up, but that they will receive courteous treatment, and also be given all the information that it is possible to obtain to make them know that the water furnished by the city is wholesome, and purer than water found in most cisterns, and better and safer than that from any local well that could be sunk. Yours respectfully,

R. C. CANTWELL.

Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach.

A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery—the great Stomach Restorative, Liver Invigorator and Blood Cleanser.

You can't afford to accept any medicine of *unknown composition* as a substitute for "Golden Medical Discovery," which is a medicine OF KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate Stomach, Liver and Bowels.

Special Prices

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

Friday, July 29, 1910.

The New York bank employe who created a shortage of $600,000 in the bank's funds can blame it on the high cost of trying to lead the life of a malefactor of great wealth.

The Republicans are in such desperate straights to account for the stringency of the times that they are trying to saddle the blame on the automobile. They auto go bag their heads.

The G. O. P. elephant in Ohio did not have much trouble in getting rid of James R. Garfield, the Republican insurgent, but Governor Harmon looms up largely in its path as a white elephant with mischief in its eye.

The newspaper pictures of the Hon. Charles Manly Stedman, as Democratic nominee for Congress in the Fifth District, ought to look good to every man who wants to see North Carolina honored by his presence in the National legislative halls.

"Republicans are kicking," says a Durham Herald headline over a Greensboro dispatch. Of couse, that means that they are kicking each other, which is nothing more nor less than a sign that they are beginning to play their regular role in the campaign.

Geologists are now claiming that the Earth is now between 55,000,000 and 70,000,000 years old. There is considerable discrepancy between the figures but whatever is the age of Mother Earth she is old enough to be more respected by people who would have it staked off and fenced in like a potato patch if they had their own way about it.

"Exeunt Bryan?" is the titular line of a leading editorial in the Richmond Virginian. That interrogation point expresses a doubt or calls for an answer. According to the Colonel's own defiant declaration in the Nebraska Democratic convention on Tuesday, he refuses to exeunt just because the whiskey interests wouldn't walk the plank which he laid for them. Exeunt nothing!

The Ohio State Republican convention warmly endorsed President Taft. Of course, it did. No party could go into a fight condemning either a National or State administration by that party, whether the administration happened to be good or bad. When Cleveland was President, however, a large portion of the Democracy thought it could do that and succeed at it. The results taught us differently. The Ohio convention even pledged Mr. Taft support for his re-nomination in 1912.

The Hon. William J. Bryan was downed on a moral issue in the Nebraska State Democratic convention on Tuesday whereat a whole lot of newspapers, Republican and Democratic, have rejoiced with great loudness that "the Nebraskan has been deposed." Some people actually love to kick a man when he is "going down hill" in a good cause. It would seem that sometimes sacrifices on a matter of conviction involving morality and not politics would call for praise from the press regardless of politics. Verily, verily, a man's enemies never discriminate in his favor.

Dr. R. W. S. Pegram writes the Charlotte Observer that he believes 99 per cent of all the pellagra in the country is produced by poison from "carbonii disulphidum." "This poisonous drug," says the Doctor, "is extensively used as a disinfectant by most all large grain elevators and grain dealers to destroy the eggs of the weevil, bug and moth." The Doctor probably means that "carbonii disulphidum" is used as an insecticide or germacide rather than a disinfectant, but that matters not. He goes on to give his reasons at length and he may be about as near right as anybody else who doesn't know exactly what does cause pellagra.

The platform adopted by the State Republican convention in Ohio says: "The tariff has been revised in accordance with the Republican doctrine of protecting home industries and American labor." Looks nice sugar coated like that, doesn't it? The platform dared not say that the revised tariff empties millions of dollars into the laps of special interests and trusts, misnamed "home industries," when they do not need it. The billion dollar Steel trust, for instance, is such a weakling that it needs protection in order to pay interest and dividends on a billion dollars instead of on an actual valuation of two hundred million. Other concerns with stock just as badly watered also share the benefits, while the "American labor," referred to has to go on a strike to get its share of the protection that first goes into the laps of the real tariff beneficiaries who pay out as little of it as they can unless they are forced to do it by organized labor.

MOUNTAINS TO SEA HIGHWAY.

The esteemed Rockingham Post, edited by Col. H. C. Dockery, a man who is well known and highly esteemed all over North Carolina, is enthusiastic over a proposition to construct a great "Mountains to the Sea Highway." That excellent and enterprising paper originated the idea and its editor believes that it is quite practicable to build a modern roadway connecting the counties of the romantic mountain regions of North Carolina with the delightful seacoast country of the State. The proposition is to have an inter-county, macadamized, continuous road that will make the people all along the route get in such close touch that they will feel like neighbors. In its issue of Wednesday last, July 28th, the Post says:

"The Post newspaper wants to see the 'Mountains to the Sea Highway' built, and it can, and should be completed by next Spring. From Charlotte it can go West. We leave this for our Charlotte and further-off brethren to work out. We only insist upon this: That they work it out. We appoint the Observer and the Chronicle a committee to take it in hand. They will please meet at once. We don't want any 'deadlocked convention' either.

"Now we appoint The Star chairman of the committee on the eastern end of the thing, and we hope it will begin to make a noise like business long before frost. This road will mean much to us all. We can loaf along it at our leisure, and when business calls, it's right there. It will be a 'developer.' It will make us all neighbors, and if we will follow the Scriptures, and love them like we do ourselves, we'll hasten the millenium. The highway will be a great convenience to all towns along it. Business will grow. Wilmington and the seashore will get the big end of it, and should get mighty busy.

"The Post newspaper wants active work done in all counties along the route. In time, good bridges can be built over every stream. The Pee Dee won't be a 'terror' for long. Let's get busy and build a highway from the 'Mountains to the Sea,' from Asheville to Charlotte, from Charlotte to Rockingham, from Rockingham to Wilmington."

The Star heartily joins in the suggestion of the Post and we can say that nothing would be more pleasing than to have Wilmington connected with a magnificent highway with the counties, towns and cities from the ocean to the Blue Ridge. Such a highway would be a tremendous factor in the development of every county and section through which it would pass, and not alone could it be useu for rural traffic from one end of it to the other, but it could be utilized for automobile touring from the seashore to the mountains and from the mountains to the seashore at all seasons of the year. It would be difficult to outline the numerous advantages which such a great roadway would provide and certainly it would prove a source of great profit as well as pleasure and convenience to the different sections of the State. It would give such a great impetus to good roads building that the effect would be electrical throughout North Carolina.

We not only would like to see the Post's "Mountain to the Sea Highway" built, but we would be intensely gratified to see every nook and corner of the great State of North Carolina reached by a perfect network of good roads. We firmly believe that modernly constructed roadways throughout the State would do as much for its development as the railways which traverse the State. Good roads would contribute immensely to the development of the agricultural resources of North Carolina, would be liberal feeders for the railways, and be specially beneficial to the commercial interests of the various towns, cities and communities in various ways that each individual can conjure for himself without repeating here.

Nothing has so contributed toward a neighborly feeling between the people of eastern and western North Carolina as the development of our delightful resorts at the seashore and in the mountains. Season in and season out the people have interchanged tours and visits and it has been the direct means of closely acquainting the people of all sections of a large and magnificent State. What our seashore and mountain resorts have done in that particular, a splendid continuous highway from the sea to the mountains would do in a more general way. There is both business and pleasure in the proposition and the Star is pleased to co-operate with the Post in giving a boost to a proposition so attractive and practicable. We thank the Post for honoring the Star with a conspicuous place in a movement of such magnitude and importance and we heartily agree with our esteemed contemporary that it certainly would be a "developer". We are furthermore convinced that the good roads spirit from here to the mountains should be so inspired by the proposition that all of the counties would get busy and accomplish the great enterprise. To link the grand and majestic Atlantic with the scenic, picturesque and romantic Appalachians would be a consumation so ideal that it is delightful to contemplate, and devoutly to be desired.

A good Republican and a bad Democrat are about on the same par, but it makes a Republican mad when he finds it out.

Some people write and talk like it would be an easy matter to leave the Sixth District twins on somebody's front porch.

STATE FARM SCHOOLS.

The present State convention of the Farmers' Union of North Carolina, which has been in session at Raleigh during the first part of the week, no doubt will mark another advanced step in the cause of agriculture in this State. The meetings of such organizations, which have been called into existence to do a systematic work, are well calculated to make progress along the lines upon which they are working. Unlike the former farmers' organizations, the Farmers' Union has not permitted itself to be dragged into politics, a fatal error which destroyed the good that the old Grange was doing when it was used by designing men for their political ends. The Farmers' Union is a strictly agricultural organization and is non-political, so that farmers of all parties can unite for the common purpose of protecting their interests and advancing the cause of agriculture.

During the Raleigh convention of the farmers this week many important matters have been discussed and practical addresses have been delivered. One of these addresses deserving of special attention was by Dr. J. Y. Joyner, State Superintendent of Public Instruction, who always has practical suggestions on advanced lines. Dr. Joyner proposed a plan for the establishment of farm schools throughout the State, so that agriculture can be taught on a scientific basis as well as from an experimental, methodical and practical point of view. He forcibly advocated co-operation between the State and county authorities and the people of the several counties in the establishment of county farm life schools, with one or more such schools in each county. He declared his conviction that this is the next imperative step in the advancement of educational effort in North Carolina and expressed the view that with the proper interest and effort on the part of the people, the establishment of such schools can be accomplished within a year.

Dr. Joyner suggested that the Legislature at its next session appropriate $50,000 for the purpose of initiating the new agricultural school movement, together with the passage of a law for establishing such schools, providing that aportionments of $2,500 to be made for each school conditioned upon the proviso that county authorities or the people of a county shall provide land for an experimental farm together with all the necessary school and other buildings needed to carry on the work in the most practical manner. He suggests the further proviso that an additional $2,500 to be raised by each county or its people to be added to the State appropriation for the support of each school. In his judgment, it would be unwise to undertake the establishment of such farm schools with an appropriation exceeding $50,000 as a beginning, the purpose being merely to provide means and make it possible to get the schools properly launched in time to secure the necessary trained teachers. He urged the Farmers' Union to get behind this movement and secure the passage of the necessary act by the next General Assembly of North Carolina.

The Union was greatly interested in Dr. Joyner's proposition and devoted an entire evening to its discussion. The suggestion certainly is a splendid and practical idea, and we see no reason why such schools could not be established in connection with the experimental farm work of the State Agricultural Department. Agricultural education is greatly needed in North Carolina, for there is great necessity for the latest methods in the preparation of lands, improved methods of cultivation, intelligent efforts at soil restoration, scientific fertilization, judicious seed selection, knowledge of farm crops and of the nature and needs of plants such as are known by Carolina farmers and many that are not known but which might be profitably introduced. It is true that $50,000 would establish only a score of schools, but it might be the beginning of a movement which would add millions of dollars to the State in the way of values by reason of increased production in money and food crops.

A CONTRAST: A LESSON.

In striking and pleasing contrast with the late performance of Sixth District Democrats at Wrightsville Beach were the harmonious sessions and the happy ending of the Fifth District convention just concluded at Greensboro with the nomination of Hon. Chas. M. Stedman, of Guilford, as the standard bearer. The lines in that convention were just as tightly drawn, the situation, if anything, was even more tense and more fraught with possibilities of discord than those in the Sixth. For seven long days and nights the aspirants, all honorable men, battled and fought for the coveted honor; the bitterest of feeling, if newspaper reports are true, was engendered; there were charges and counter-charges of trades and cliques; yet, with it all, when the convention had spoken and the die was cast, all hands came forward, the victor and the vanquished, and from the same platform, declared their undying devotion to the party and to the nominee, pledging their earnest, active effort towards the redemption of the District from Republicanism.

There is a lesson, a wholesome lesson, in the contrast between the two conventions, and one which emphasizes the point already made by the Star, that the Sixth District imbroglio should be speedy of settlement. Mr. Godwin offers to throw the entire district into another ferment with a primary; Mr. Clark replies that, the people already having spoken in the regular manner prescribed by the executive committee and there being no machinery under the Democratic plan of organization for another primary, he will submit to the arbitrament of the State committee, Mr. Godwin comes back again at Mr. Clark with the declaration that nothing but a recourse to the primary will be agreeable to him, and there you have it.

It is time for the State Committee to take this matter in hand of its own initiative and put an end to the squabble. The people are tired of it and we take it that, laying aside all preferences and heat engenedered by the campaign, a calm analysis of the situation will lead to the inevitable conclusion that the matter now rests entirely with the committee into whose hands both parties to the controversy should submit their differences and abide the result for the greater good of the Democratic party in the Sixth District.

It must be assumed that both Mr. Clark and Mr. Godwin conscientiously believe that they are respectively the nominee of the party under its plan of nomination. In fact, such are their firm contentions and the adherents of the two gentlemen, both numerously supported, are accordingly lined up in their convictions and loyalty. The overtures for a settlement of the contest between the contestants, having failed of an agreement, the court of last resort, therefore, is the State Executive Committee representing the fountain head of party law. The Party Law is the Plan of Organization and as the committee framed the law it logically is the proper tribunal to construe the law. Knowing the law and having submitted to it the records and facts connected with the proceedings at Wrightsville, the committee could reach a conclusion which should be cheerfully accepted by all parties in a spirit of harmony.

It is to be sincerely hoped that Messrs. Clark and Godwin will yet come together on common grounds for a settlement of their contentions, but it strikes us that after the committee shall have exercised its "good offices" in behalf of a harmonious solution of the perplexing problem, and if one side should reject the committee's good offices, it will then be up to the committee to earnestly and thoroughly examine into the situation, consider the facts and thereupon render a decision. Their judgment would be the highest party law and we believe that the Democrats of the District would bow to the mandate as the safest and sanest solution of a situation that otherwise would disrupt the party in the face of an enemy that is a proven menace to the best interests of all the people of the District.

CURRENT COMMENT.

Major W. H. Bernard, former editor of the Wilmington Star, scores again as a political prognosticator, sustaining his reputation. On July 20th he prophesied that Major Chas. M. Stedman would receive the nomination in the Fifth district convention this week with 232 votes. The nomination was made with 228 votes. Major Bernard thus missed the mark only four votes.—Fayetteville Index.

Beautiful indeed is the harmony in the Republican ranks, nationally. For illustration, there is the circumstance of Senator Cummins on Saturday at Peabody, Kansas, calling his brother Republican Senator, Aldrich, and that rch Republican, Cannon, traitors. Cummins said that Cannon and Aldrich thought the Republican party was born to make men rich, whereas he thought it was born to make them free. Whatever it was born for, Aldrich and Cannon and the others of their kind have been controlling it for a long time and it is so in the habit of existing to make men rich that it will be hard to start it along new lines of activity.—Greensboro Telegram.

It is doubtful if there are any better classes of people who have adopted America as their homes than the Germans. Ever since the dawn of our history these sturdy, thrifty and honest workers have been coming to our shores, and contributing no little share to the greatness and wealth of our country. Landing on these shores two hundred years ago, the pioneer German settlers with the spirit of the conquerer, entered an arena with a savage foe—the Red Man—and by fighting and hardships materially and heroically helped to compel the unconquered forest and mountain to give up their riches, but they fought no harder or gallantly then for the protection and upbuilding of the country than they do now by their honest and strict attention to business, and the practice of thrift and economy. The German-American Alliance of our sister city, Wilmington, are now in this city celebrating with us in memory of the first German settlers in this country. We extend to them the heartiest welcome, and hope that we may add, if it be possible also the warm feeling of friendship already existing for the German-American, and may we soon see another large colony of them settling in our midst. We are glad to learn that a branch of the Alliance will be established here.—Newbern Sun.

The Wilmington Chamber of Commerce on Monday heard addresses from Representatives J. Hampton Moore, of Pennsylvania, and John H. Small, of this State, upon the subject of the proposed inland waterway from Boston to Key West. The object of the promoters of this movement is to benefit our Atlantic coastwise trade by offering shipping a sheltered route, avoiding the dangers which lie in wait for vessels off such points as Cape Hatteras. It is planned to dig a canal from Boston to Long Island Sound as the first link in this enterprise. From the sound the route would traverse New Jersey to the Delaware river and go down to Georgetown, S. C., and thence to Jacksonville and Key West, Fla. Representative Moore's statement that off Cape Cod alone during the last 25 years more than one thousand vessels have been lost, calls attention in striking fashion to the necessity for such a waterway as the one outlined. The same speaker also pointed out that the operation of such a water route would go far towards solving the vexatious question of freight rate discrimination—consummation which would be cheap at the cost of almost any expenditure of effort. A gathering of those interested in such a route will be held soon in Providence, R. I., and for some time Messrs. Moore and Small have been going from place to place arousing and crystalizing interest in the project. The Wilmington Chamber of Commerce has already made arrangements for representation at this convention and it is probable that a number of its members will be in attendance. From Wilmington Messrs. Moore and Small will proceed to Georgetown, Jacksonville and other coast cities of the South Atlantic, where the interest thus far manifested has been meager, owing doubtless to a paucity of information on the subject. The chief obstacle which remains to be overcome in the matter is the ingrained habit many people have of thinking within a limited horizon, one bounded by a single county or at best by the State. An undertaking such as the one projected requires the co-operation of all the communities along the route from Boston to Key West, and success is practically impossible until this shall ave been secured. Such co-operation in any one project by a number of States is an object well worth great effort, inasmuch as if it is attained for the purposes of the proposed waterway it is likely to be perpetuated in the shape of harmonious action with regard to forest preservation, drainage and numerous other matters of public concern which directly affect the interests of all the communities involved.—Charlotte Observer.

SPECIALS THAT WILL BE OF INTEREST TO EVERYONE

BATH SUITS — Ladies', Misses', Men's and Boys'; great variety flannels and serges.

Perfection spring frame Mosquito Canopy, good net, full size. for wood or metal bed, $3.00 values..... $2.25

Happy, Happy, Use TIZ

A Marvel For Sore Feet. Acts Right Off.

Sore Feet? Never After Using TIZ—

Good-bye sore feet, aching feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses and bunions and raw spots.

You've never tried anything like TIZ before for your feet. It is different from anything ever before sold.

It acts at once and makes the feet feel remarkably fresh and sore-proof.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

If you don't find all this true after trying a box of TIZ, you can get your money right back.

TIZ is for sale at all druggists at 25 cents per box, or it will be sent you direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

GRAND JURY FINISHES WORK

Convict Camps, Jail and County Home in Good Sanitary Condition—Crops Fine—Court House Needs Attention.

Having finished its work the grand jury for the July term of Superior Court made report to Judge Whedbee at 11:30 o'clock yesterday morning and the jurors were discharged for the term. The report is marked by its brevity in comparison with the reports that have been made by other juries during the past 15 months. One typewritten page is all that is required for the report. The jury found the convict camps, jail and county home in good sanitary condition, mentioned particularly the splendid crops at the county home, and called attention to the need of a general cleaning up at the Court House. The report in full is as follows:

"Wilmington, N. C., July 28, 1910.

"To His Honor, Judge H. W. Whedbee, "Presiding, July term Superior Court.

"We, the grand jury appointed at this July term of court of New Hanover county beg to submit our report as follows:

"There have been acted upon fourteen (14) bills of indictments. We examined and reported to the court thirteen (13) true bills, and one (1) untrue bill. We also made two (2) presentments.

"A committee, representing this grand jury, visited the main convict camp on the Newbern road, and found it in a fine sanitary condition; everything clean; the prisoners well clothed, and the food seryed varied and wholesome. We would recommend that the kitchen and dining room at this camp be white-washed.

"The camp on the Federal Point road is clean and well kept and the food abundant. Would recommend that all sick be sent from this camp to the main camp, as the confinement in the cage is detrimental to health in hot weather.

"The county home is in good condition; the inmates comfortable and prisoners well cared for. We would like to remark on the fine condition of the crop on the farm, and pronounce it the best general crop we have seen this season. If the telephone poles were removed from the road, and placed well to one side, it would add greatly to the looks, as well as the service of the avenue to the home. We would recommend that some of the iron bedsteads in this institution be re-painted.

"The jail is in fine sanitary condition, clean and well ventilated; repairs are badly needed to the front porch, which we feel confident will be attended to as soon as the proper officials are notified.

"The court house is in good repair; we would recommend better janitor service, and a general cleaning of the whole building.

"Respectfully submitted, "JOS. N. JACOBI, Foreman.

"H. E. O'Keef, Secretary."

MRS. EUGENE S. KNIGHT DEAD.

Highly Esteemed Lady Passed Away Early Yesterday Morning.

Many friends in this city and section will learn with sincere regret of the death of Mrs. Susan A. Knight, the beloved wife of Mr. Eugene S. Knight, which occurred at the family residence, No. 706 North Third street, at 6:25 o'clock yesterday morning, following an illness of some time. Her death did not come unexpectedly for her condition had been regarded as serious for several days, but it was nevertheless a great shock to her loved ones and friends.

Mrs. Knight was the daughter of the late Mr. William M. Harriss, of this city, and had spent her entire life in Wilmington. She was in the 51st year of her age and besides her husband is survived by three children, Mr. Eugene B. Knight, Miss Lillian Knight and Mr. Walter S. Knight, one brotner, Mr. W. M. Harriss, all of Wilmington. She was a member of St. Andrew's Presbyterian church and a most highly esteemed and respected Christian woman. The bereaved have the tenderest sympathy of a great many friends in this city and elsewhere.

The funeral services will be held from the residence at 4:30 o'clock this afternoono, conducted by Rev. C. F. Whitlock, pastor of Brooklyn Baptist church, in the absence from the city of her pastor, Rev. Dr. A. D. McClure. The interment will be in Bellevue cemetery.

BAPTISTS TO TEACHEY'S.

Wilmington Associational Meeting Will be in Progress This Week.

A Wilmington Baptist Associational meeting convenes today at Teachey's with delegates in attendance from the various churches throughout the district and will be in progress until Sunday, with an interesting programme arranged for each day. There are 33 churches which have designated delegates to attend and it is expected to be an unusually good meeting.

There will be a number to go from this city and three Wilmington pastors will take part in the exercises. Rev. J. H. Foster, D. D., pastor of the First Baptist church, will preach the introductory sermon, and there will be sermons by Rev. G. A. Martin, pastor of Southside Baptist church, and Rev. C. F. Whitlock, pastor of Brooklyn Baptist church.

Back From Elizabethtown.

Among the lawyers who returned yesterday from Elizabethtown was William J. Bellamy, Esq., who since Sunday has been attending the special term of Bladen Superior Court for the trial of the Brady cases, the result of which was carried in the telegraphic columns of the Star yesterday morning. Mr. Bellamy with C. Ed Taylor, Esq., of Southport, was engaged for the defense.

Work 24 Hours A Day.

The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globule of health, that changes weakness into strength, languor into energy, brain-fag into mental power; curing Constipation, Headache, Chills, Dyspepsia. Malaria. 25c at Robert R. Bellamy's.

PARSON GETS TWO YEARS

Colored Preacher-Tailor Convicted of False Pretense in One Case, Pleads Guilty in Others. Superior Court.

The major portion of the time in Superior Court yesterday was consumed with the trial of one of the several cases against T. H. Alston, the colored preacher-tailor arrested some weeks ago on the charge of false pretense, it being alleged that as local agent for the Monumental Clothing House, Baltimore, Md., he secured advances on a number of orders and never delivered the clothing to his customers. He was found guilty in the case that went to the jury and in another he pleaded guilty, while in six other cases, which were not acted upon by the grand jury, he entered a plea of guilty to forcible trespass. Two years on the county roads was the sentence imposed by Judge Whedbee.

Alston, who has been something of a preacher for the past four or five years, came here a few months ago and stated that he was pastor of one of the local colored churches. He is originally from Siler City and his parents are respectable colored people, but he has lived in other places during the past few years. Shortly after coming to Wilmington he opened a pressing club and also represented himself to be the agent for the Monumental Clothing House, Baltimore, Md. He is said to have taken a large number of orders for clothing from hard-working colored people of this city and in Brunswick county and obtained amounts ranging from $3 to $15 on the pretense that the clothing had arrived and he desired the money to pay the express charges. The next day, the negroes declare, Alston admitted to them that the clothing had not been received at the express office here. A few days later several warrants were sworn out before Justice Harriss and Alston was arrested about 8 o'clock one Saturday evening. He was unable to give bond and while being escorted to the county jail from Justice Harriss' office he made his escape, but was recaptured a few days later. The cases piled up, there being a total of eight against him. He was given preliminary hearing and bound over to Superior Court and in default of $1,000 bond has been in jail.

E. H. Blocker, colored, was the prosecutor in the case heard in Superior Court yesterday. The prosecutor testified that he gave Alston an order for a suit of clothes and some time later Alston told him the clothing was in the express office, and that he needed $10 to pay express charges, etc. Alston secured the money, but, according to the testimony of Blocker, did not get the clothing, admitting the following day the clothing had not been even shipped. When the case was first called and the jury empanneled, Mr. Charles Craig, an aged juror, became suddenly ill and had to be sent to his home. A juror was withdrawn and a mistrial ordered. The second jury was then empanneled and heard the case. As stated above, a verdict of guilty was returned, whereupon the defendant entered a plea of guilty in another case and also agreed to a plea of guilty of forcible trespass in six other cases that had not been passed upon by the grand jury.

The defendant was represented by L. Clayton Grant and Woodus Kellum, Esqs., while the case was prosecuted by Solicitor Duffy.

T. H. McGee was arraigned on a peace warrant sworn out by M. L. Winner, some time ago. Judge Whedbee directed a verdict of not guilty. The defendant was represented by Kellum & Loughlin, while L. Clayton Grant, Esq., appeared for the prosecution.

A case against Mina Bessent, a mulatto girl, charged with infanticide, was called yesterday afternoon, but was continued until the next term of court. Her counsel, Wm. J. Bellamy, has been at Elizabethtown all the week appearing in Superior Court and did not return until yesterday. The woman was committed to jail on charge of concealing the birth of a child, but the grand jury found a true bill for murder. As the new turn in the case developed in the absence of the defendant's counsel, he had not had time to prepare his defense, hence the continuance until the next term. The criminal side of the docket was wound up about 4 o'clock in the afternoon, when adjournment was taken until 9:30 o'clock this morning, at which time matters on the civil docket will be considered. The cases on the calendar for the first day are:

J. W. Holmes against W. J. and L. H. Love; Meares & Ruark for plaintiff, and J. D. Bellamy & Son and Davis & Davis for defendants. Foster Williams against Angola Lumber Co., Ricaud & Empie for plaintiff and Davis & Davis for defendant company. United Sons and Daughters of Salem, against Fletcher Pittman, et al., Rountree & Carr and Herbert McClammy, Esq., for plaintiffs, and A. J. Marshall, Esq., and Bellamy and Bellamy, for defendants. S. J. Davis against Tidewater Power Co., Herbert McClammy, Esq., for plaintiff, and Davis & Davis and Bellamy & Bellamy for defendant company. Luke Grady against George Bell, L. V. Grady, Esq., for plaintiff and J. D. Bellamy & Son, for defendant. Wilmington Furniture Co., against W. T. Mercer, et al., C. D. Weeks, Esq., for plaintiff and L. V. Grady, Esq., for defendants.

SEMINOLE COMING EARLY.

Leaves Newport News Tomorrow for Home Port—No Northern Trip.

The revenue cutter Seminole, Capt. R. O. Crisp, comes back to her home port this season a month earlier than usual. She came off the marine railway of a Newport News ship building company yesterday, after being thoroughly overhauled, and has orders to proceed to Wilmington.

In past seasons it has been the custom for the Seminole to arrive for her Fall cruises about the first of September after a Summer trip North, but plans were materially changed this year. The Seminole has remained at Newport News since she left here and repairs were not completed in time for the cutter to patrol during the intercollegiate boat races. There is no change in the staff of officers other than those previously mentioned.

STREET COMMISSION MAY ACT

Matter of Closing Macomber's Ditch and Opening 14th Street Discussed at Length at Special Meeting.

At a special meeting yesterday afternoon at the Street Commission a matter of vital concern to the people of Wilmington—the closing up of Macomber's ditch and the opening of 14th street—was brought to the attention of the body by Commissioner Wm. E. Worth and the Commission's powers in the premises were discussed at length, it being finally decided to refer the question to an attorney for an opinion as to whether or not the Commission has the right to take hold of the situation.

The members differed as to whether the act creating the Commission gave the body the power to take action, some holding that it did and others that it did not. In the event that the attorney to whom the quesion will be referred gives it as his opinion that the Commission has full authority in such matters, there is no doubt but that the Commission will make some arrangements at once by which the ditch will not only be closed and a culvert put in and the street opened for a portion of the way at least but that numerous drain pipes will be put in to drain the property in that vicinity. It is quite likely, however, that the property owners will be called upon to bear a portion of the expenses and it is believed that they will readily agree to this as they are the ones who would reap the greatest benefit. It is probable that the opinion of the attorney will be given within a few days, when the Commission will have something more definite to work upon.

The meeting was called primarily for the purpose of considering a matter in connection with the construction of a bridge across the A. C. L. tracks at Sixth street, work on which has already been commenced by the railroad, which is to build the abutments and wing walls. Capt. Louis Belden, the chairman, presided, with Messrs. Wm. E. Worth, Geo. H. Heyer, R. H. Brady, members of the board, and Mr. J. F. Gause, the clerk, and City Engineer Humphreys in attendance.

At the last meeting of the Commission, Messrs. W. L. Parsley, Geo. H. Heyer and Wm. E. Worth were appointed as a committee to draft for publication a statement relative to the duies and powers of the Commission This statement was prepared yesterday and is as follows:

"That the citizens of Wilmington may understand our construction of the bill creating the Commissioners of Streets, and to answer all the individual complaints as to why we do not begin work, we desire to make the following statement:

"Section 6 of the Act provides that the funds derived from the sale of the bonds shall be used for 'grading, curbing, macadamizing, paving, draining, and improving the streets.'

"We do not construe this to contemplate that we waste any of this fund in the temporary repairing of the streets and drains improperly constructed heretofore, but that such rests with the Board of Aldermen, funds for the same to be provided in the general tax assessment.

"The bill creating this Commission, specifically provides that, 'For the preservation and protection of the pavements and improvements provided for,' that the Commission before beginning such improvement or work on any street, 'Shall require any person, firm or corporation owning or using gas mains, gas pipes, water pipes, and sewer pipes, or any other pipes whatever in the street so being paved, or about to be paved, to forthwith make all their latteral connections in said street, at least to the edges thereof.'

"This we construe to have in view nothing but the permanent work.

"The City of Wilmington has also issued bonds for the construction of an adequate sewerage system. To carry out this work will necessitate deep excavations on all the streets on which the sewer pipes are to be laid.

"Now in view of the fact that the city has in contemplation the acquiring of its own sewerage system, either by purchasing the existing system and adding thereto, or the installation of an entirely new system, we are handicapped in our work by the inaction of this very power that created our Commission.

"While we are aware that the city is, through our Commission alone, losing three to four hundred dollars a month because of our inactivity, still our better judgment dictates that to proceed with our work and improve the streets before the sewerage question is settled, would cost the city infinitely more in the end, for if permanent streets are constructed by us and it becomes necessary to tear them up to lay the sewers, the streets will necessarily have to be reconstructed at a very great additional expense, which expense would come directly from the pockets of our people.

"The question as to when we will begin improving the streets rests now entirely in the hands of the Board of Aldermen; we are simply waiting for them to carry out one of the requirements of the Act before we can begin work, and which requirement we cannot enforce against them.

Respectfully, "W. L. PARSLEY, "GEO. H. HEYER, "WM. E. WORTH, Committee.

CRYSTAL TO REOPEN.

Week of Premier Vaudeville is Promised for Next Week.

Manager John E. Poole, of the Crystal Palace, announced last night after concluding negotiations by telegraph that beginning on Monday the Crystal will offer a week of fine vaudeville at popular prices. There will be taree swell acts with an illustrated song and patrons of the pretty little theatre may look for something good. There will be two performances in the afternoons and two at night and small prices, 10 and 15 cents, will prevail for the week. Further announcement as to the programme will be made a little later.

CONGRESSIONAL SITUATION

Party Leaders Leave for Their Homes. Mr. Godwin Declines Submission to Executive Committee. Mr. Clark's Statement.

Aside from Mr. Godwin's declination of Mr. Clark's proffer to submit the Sixth District Congressional imbroglio to arbitrament by the State Executive Committee, which was first received, in response to a telegraphic inquiry of him at his home at Dunn, N. C., by the Evening Dispatch, of this city, and later in an interview with him by a correspondent of the Star at Dunn, last night, there were no political developments yesterday in Wilmington, growing out of the several conferences in progress here during the past two or three days.

Party leaders of the district and friends of the respective aspirants for Congress left for their homes on the afternoon trains, apparently with no prospect of settlement. The promised statement of Mr. Clark in reply to the statement of Mr. Clifford, campaign manager of Mr. Godwin published on Wednesday, it was stated, would be forthcoming in due time. The Star yesterday carried the story of the exchange of letters between Messrs Godwin and Clark, the latter offering a submission of the whole case to the State Executive Committee and setting forth reasons why a primary would be impraticable. In response to the telegraphic inquiry of the Dispatch, Mr. Godwin wired as follows:

"Dunn, N. C., July 28, 1910.

"To the Evening Dispatch:

"Replying to your telegram of this date, in which you state that Mr. Clark virtually declines my primary suggestion and wants to leave the matter to the Executive or Central Committee and asking what will be my attitude, I desire to state that I have not yet seen Mr. Clark's letter. Firm in the conviction that the Democratic voters of the Sixth District should be permitted to name their nominee, I shall therefore oppose any proposition looking to taking the matter out of the hands of the people

"H. L. GODWIN."

From its correspondent at Dunn, the Star last night received the following telegram:

Dunn, N. C., July 28.—In an interview today, Hon. H. L. Godwin made the following statement:

"I have received a letter from Hon O. L. Clark, in which he declines to submit the controversy between us regarding the nomination for Congress to the people of our district to be decided by them and in which he volunteers the suggestion that if I am dissatisfied with my nomination that I appeal to the State Executive Committee. I am entirely satisfied with my nomination, since it came from the regularly organized Democratic convention of the Sixth Congressional District as a direct result of the recent primaries in which my nomination was authorized by a majority vote of the people of the district, and I have no appeal to make. In the interest of party harmony I was willing to yield my nomination and again go before the people in a primary to be held under proper rules to the end that the people themselves might settle all controvrsy between Mr. Clark and myself and remove all discord from our party ranks. Proper rules for the holding of a primary could have been agreed upon or the State Executive Committee could have been called upon to prescribe rules and methods under which the people of the district might register their will in the matter. Since Mr. Clark declines, however, to submit his case to the Democratic voters of the district, I have no further suggestion to make to him and whether opposed by him or supported by him, I shall use every honest endeavor to carry the standard of my party which has been placed in my hands by its convention to success at the polls on the eighth day of November."

WATERWAYS DELEGATES.

Anxious for Wilmington to Send Full Delegation to Providence.

Efforts will be made through the Chamber of Commerce to send a full delegation from Wilmington to the annual convention of the Atlantic Deeper Waterways Association, which convenes at Providence, R. I., on the 31st of August. Mr. J. A. McGeachy has already secured the consent of two members, who propose to attend the convention as delegates and would be glad to confer with others who contemplate taking a trip North during the latter part of the Summer.

Resolutions to the effect that Wilmington would send delegates were passed at the recent waterways meeting at the Chamber of Commerce, when, it will be recalled, Hon. J. Hampton Moore, president of the Waterways Association, and Representative John H. Small, were in attendance.

A Frightful Wreck

of train, automobile or buggy may cause cuts, bruises, abrasions, sprains or wounds that demand Bucklen's Arnica Salve—earth's greatest healer. Quick relief and prompt cure results. For burns, boils, sores of all kinds, eczema, chapped hands and lips, sore eyes or corns, its supreme. Surest pile cure, 25c at Robert R. Bellamy's.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

The woman with tender skin dreads July because it is sure to cover her face with ugly freckles. No matter haw thick her veil, the July sun and winds will surely make her freckle.

Fortunately for her peace of mind, the recent discovery of a new drug, othine—double strength, makes it possible for even those most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine will remove them. Get an ounce package from J. Hicks Bunting Drug Co. and banish the freckles. Money back if it fails.

FUNERAL OF MR. W. J. REILLY

Body of Young Man Who Met Tragic Death in Charleston Brought Here at Midnight—Services Today.

The body of Mr. W. J. Reilly, formerly of this city, where he had many friends, whose tragic death in Charleston, S. C., Wednesday afternoon was noted in yesterday morning's Star, was brought to Wilmington on the late Coast Line train last night and taken to the home of Mr. James Owen Reilly, brother of the deceased, 212 Nun street. Mr. Reilly went to Charleston yesterday morning and accompanied the remains of his brother to this city.

The funeral services will be held from St. Thomas' Catholic church at 10:30 o'clock this morning, conducted by Rev. Father Dennen, the rector, and the interment will be in Oakdale cemetery.

From yesterday's Charleston News and Courier is taken the following relative to the distressing accident:

"About 2:45 o'clock yesterday afternoon the coroner was notified of the accident, and immediately went to the scene of the tragedy. On arriving there, he discovered Reilly's body lying prostrate in the gutter beside the sidewalk, with the man's head resting on the curbstone and one hand doubled up underneath his body. At the time the coroner reached his side, Reilly was breathing his last. Dr. Robert A. Taft was quickly summoned to the dying man's aid, but life was extinct when the physician arrived. After satisfying himself as to the cause of the man's death, the coroner gave his permission for the body to be removed. Officials of the Telephone Company took charge of the young man's body and had it carried to the undertaking establishment of J. Henry Stuhr, on Wentworth street. Here, at the direction of his employers, Reilly's body was prepared for burial and placed in a casket to await the coroner's inquest this morning at 11 o'clock.

"That the man met his death by electrocution, as was popularly supposed, has been practically discredited. Although the coroner's inquest over the body was not held yesterday, an examination of the corpse, after it had been prepared for burial, was made by the coroner and by Dr. Taft, and they expressed themselves as believing that the man was overcome by the intense heat while working on the telephone pole and fell to the hard pavement of the sidewalk below, death resulting from a fractured skull. The closest scrutiny of the body revealed no signs of burning by coming in contact with an electrically charged wire. What was at first thought to be a burn on the man's hand, proved later to be a bruise caused by the body falling on the hand and crushing it against the curbing. The back of the man's skull from the base to the crown of his head, was crushed to a pulp by the fall to the sidewalk.

"Several other linemen were working near Reilly at the time that he fell from the pole, and it is stated that these men testified to the effect that they heard no outcry from Reilly, as would, in all probability, have been the case had he come in contact with a 'live' wire. It is further stated that an old negro man was the only eyewitness of the tragedy, and that he was looking directly at Reilly at the time he fell. The old negro stated that the young man seemed to collapse all of a sudden and fall to the ground.

"The pole on which Reilly was working is used for stringing telephone wires, and it was stated that there are no electric wires attached to the pole. The distance which he fell is calculated as some 30 feet, and the fall would have been sufficient to produce death had Reilly fallen on the soft dirt of the street. As it was, his head struck the curbstone, and the back of the skull was beaten into an almost unrecognizable mass.

"Reilly has been a resident of Charleston for some time. He was boarding at No. 115 Drake street at the time he met his death, and had been boarding there for over a year. Those who knew him spoke of him in the highest terms, stating that he was a most worthy young man and that by his genial disposition had made many friends while a resident of Charleston.

"Mr. Reilly's relatives were notified of his death yesterday, and as soon as they are heard from the body will be disposed of. The coroner will empanel a jury and hold the inquest over the body at 11 o'clock this morning."

NO HABITAT FOR "TIGERS."

Interesting Story That Comes by "Wireless" From Town Creek.

An interesting and rather sensational story reached the city yesterday from Town Creek, just over the river, in Brunswick county; one that is worth the telling for more reasons than one. It will be recalled that recently several "restaurant" keepers were run down by the police for dispensing the "ardent" in that particular form of malt known as "ni-beer" and were fined rather heavily in court and admonished that they had best not set up for business here any more. According to the story yesterday one of the "restaurant" proprietors proceeded to load all his "stuff" on a boat and proceeded over the river to Town Creek to set up business. Madame Rumor has it that no sooner had the aforesaid pilgrim landed on shore than he was met by the populace of that neighborhood, armed with pitchforks, rakes, grubbin' hoes, axes, cleavers and sundry other implements of warfare and calmly informed that they had got wind of his coming and were then and there present to calmly inform him that if he could not sell the "ardent" in Wilmington he could not sell it at Town Creek. The people of the community, so the story goes, were very persuasive in their argument; in fact, they were so absolutely convincing in the logic of their reasoning that the lone pilgrim at once desisted from his purpose and disposed of his goods and chattels about the neighborhood as best he could, returning to Wilmington a somewhat sadder but a wiser man.

HOT-WEATHER CONSTIPATION

People should be very careful at this time of the year not to become constipated, and if they do become constipated to attend to it promptly. Many people have a special tendency to constipation in hot weather, owing to the sudden change in food and to the fact that the natural moisture of the body that in winter remains within and helps to digest the food, leaves the system in the summer in the form of perspiration. Constipation should be immediately relieved. The best way to do this is not, as some suppose, by eating themselves sick with fruit and making the matter worse, nor by taking salts and laxative waters, which, as all who have tried them know, give but temporary relief; but, on the contrary, you should use a tried-and-true remedy like Dr. Caldwell's Syrup Pepsin, which acts quickly but mildly and which relieves permanently so that a steady and lasting cure results. A bottle can be bought of any druggist, in sizes of 50 cents and $1.00. Those who have not yet tried Dr. Caldwell's Syrup Pepsin, and would like to make a test of it, can do so FREE OF CHARGE by sending their address for a SAMPLE BOTTLE to

Miss Helen Block, an attractive young lady of Richmond, Va., who is a guest at the Seashore Hotel, Wrightsville Beach, will entertain a number of her friends on the Seashore Hotel pier after the moving picture show tonight.

LOCAL DOTS.

—Rev Father J. Alexopoulas, of Washington, D. C., rector of one of the leading Greek churches in the Capital City, will conduct a service for the Greeks of this city at St. John's Episcopal Church this evening.

—At the Bijou today will be shown "The Messenger Boy Magician," "Winter Bathing in the West Indies" and "Over the Garden Wall." It is an unusually fine bill and the pictures will be seen with much interest by the many patrons of the resort.

—The First Baptist church has issued an annual, containing the names of the officers and members, and a vast amount of other information of interest to the congregation. The booklet has 62 pages and is attractively bound in red. There are nearly 900 persons actively connected with the First church at this time.

—By papers filed for record yesterday Mr. Geo. O. Gaylord has agreed to sell to Mr. W. B. Davis, of Brooklyn, N. Y., the privilege to cut and sell from 2,000 acres of land near Phoenix, N. C., the holly, mistletoe and Southern wild smilax, commonly called, bamboo, for a period of one year, the price to be paid is 25 cents for each box or barrel that is shipped.

—There was filed for record in the Register of Deeds' office yesterday the judgment recently obtained by the Standard Supply Co., J. W. Murchison & Co., and the City Livery Co., who filed a petition in United States Court asking that the Angola Lumber Company be adjudged an involuntary bankrupt, which, as previously stated, was granted by Geo. H. Howell, referee in bankruptcy, who heard the matter.

PERSONAL PARAGRAPHS.

—Mr. J. W. Russ, of Makatoka, Brunswick county, was a business visitor to the city yesterday.

—Mr. J. H. Hughes has returned home from a visit of a few weeks in Virginia.

—Maj. and Mrs. Daniel R. Johnson, of Winnabow, Brunswick county, spent yesterday in the city.

—Capt. Robt. Green, of the Wilmington police force, spent yesterday in Newbern in attendance on the festivities of the bi-centennial celebration. The heat was so intense in Newbern that the genial captain could not spend more than a few hours there.

ILLUMINATING OILS.

New Test Applied by Committee From Agricultural Board.

(Special Star Telegram.)

Raleigh, N. C., July 28.—The illuminating oil committee of the North Carolina Board of Agriculture today adopted a new test standard for oils offered on sale in North Carolina and decreed that it be effective September 1st, as follows: Illuminating oils which flash below 175 degrees Fahrenheit in Elliott closed cup, shall not contain more than 6 per cent. by weight of residue remaining undistilled at 570 degrees Fahrenheit when distilled, according to directions prepared by the State oil chemist. That all oils brought into the State for sale after September 1st shall comply with this regulation and all oils sold in the State shall comply after December 1st, 1910.

"BREAD UPON WATERS."

Louisiana Young Man Rewarded for Kindly Act Years Ago.

Homer, La., July 28.—An act of kindness which he rendered an aged stranger six years ago has brought a reward of $10,000 to J. Y. Allen, a young man of Homer. While traveling in Texas, Allen met an elderly man, in looking out for whose baggage the former proferred his services. On parting company with Allen the old man took his name and address, with the declaration "You may some day be rewarded for your kindness to a stranger." Allen was yesterday notified by lawyers of his former traveling companion's death and that the latter had bequeathed $10,000 to him as "the young man who assisted an aged man while traveling several years ago."

DIED FROM BULLET WOUND.

Relative of Late President of L. & N. Cause Undetermined.

Hopkinsville, Ky., July 28.—William S. Moore, 60 years old, a wealthy planter and brother-in-law of the late Eckstein Norton, former president of the Louisville & Nashville Railroad, died from the effects of a bullet wound today. A coroner's jury declared itself unable to determine whether the shot was self-inflicted.

OPERATIONS OF A CROOK

Young Man Secures Clothing From Beach Hotel by Misrepresentation —One Suit Found at Pawn Shop.

At least two prominent beach visitors were filled with consternation yesterday morning when they realized that they had been victimized by a smooth crook, who had represented himself to the hotel where they were stopping to be an agent of a well known Wilmington pressing club, thereby securing, a few days ago, several suits of clothes, one of which was found yesterday in a pawn shop on Market street, having been put "in soak" for $3. The amount was paid by the owner and he secured his suit.

The clothes were to be pressed and cleaned and were to have been returned to the beach hotel early yesterday morning. Two of those whose suits had been given to the man who feigned agency for the pressing club expected to leave yesterday afternoon for their homes, one living in Raleigh and the other in Atlanta, Ga., and as the suits had not been returned several hours after the time they were to have been sent down, the pressing club was communicated with direct. To their astonishment the gentlemen learned that the pressing club did not have an agent by the name or description of the man who had called at the beach hotels soliciting work. The gentlemen came to the city immediately and began an investigation here, and notifying the police. As stated, the suits belonging to the Raleigh man was located at the pawn shop on Market street and was recovered upon the payment of the $3. The "solicitor" is about the same size and build of the Atlanta man and it is presumed that he decided to keep the suit for his own use.

The "solicitor" had some of the business cards of the pressing club in question and there was nothing to indicate that he was not acting in good faith. However, when he first asked for the work he was requested to call at 5 o'clock in the afternoon, but he insisted that he must have the clothing right away as he desired to return to the city as soon as possible. The clothing was then turned over to the young man and nothing more thought of it until the suits failed to show up at the appointed hour yesterday.

The manager of the pressing club remembers having seen in his place of business a young man answering the description of the one who worked the beach visitors and it is supposed that he secured the firm's business cards at that time. Further investigation revealed to those interested the boarding place of the young man while in the city, also the name he used at the boarding house. He claimed to be from Macon, Ga. At the hotel he gave a different name from that given at his boarding house in this city. The investigation is being continued under the direction of the manager of the pressing club whose name was used and it is not improbable that the "solicitor" will be captured. He may have secured a number of other suits of clothes in the same manner, but nothing was learned as to this.

VIRGINIANS NAME PARSONS.

Republican Who Was Declared to be Entitled to Seat of Democrat.

Rocky Mount, Va., July 28.—John M. Parsons, of Grayson county, was nominated today by the Republican Congressional convention of the Fifth District to oppose E. W. Saunders, of Rocky Mount, Democrat. Resolutions were adopted endorsing the Federal administration and condemning the gerrymander of the Congressional districts by the Virginia Democracy.

Mr. Parsons was the Republican nominee against Mr. Saunders two years ago, but on the face of the returns was defeated by 81 votes. A man, afterward adjudged insane, was certified as a candidate for Congress, his name appearing on the official ballot. On this and other grounds Mr. Parsons contested Saunders' election. The elections committee of the House of Representatives, just before the adjournment of Congress, decided he was entitled to the seat held by Saunders, but the case was not called up on the floor of the House and Saunders, therefore, still retains his place.

The resolutions adopted in part were as follows: "We commend the wise, safe and patriotic administration of President Taft and the Republican Congress that the party has fulfilled its pledges to the people.

"We condemn the Virginia Democracy for the legislative enactment of the most unfair and partisan gerrymandering of the Fifth District of Virginia, which is, and will forever be a blot and stain upon the pages of Virginia history.

"We condemn the Virginia Democracy for the enactment and enforcement of the most unfair and partisan suffrage, registration and election laws that were ever forced on any free people. We demand that every legal voter of this commonwealth be allowed to cast one free and unrestricted ballot and that it be counted and returned as cast."

Floyd county, which was taken out of the Fifth District by the State Legislature two years ago, participated in today's convention. Floyd men being on all the committees. In attendance at the convention were four young delegates ranging in age from 11 to 15 years. They were Masters Paul "X" and Joe Parsons, sons of the nominee, and Hale Lundy, son of E. L. Lundy, cashier of the bank of Grayson, at Independence.

Mr. Parsons has been commonwealth's attorney for Grayson county and served four years in the State Senate.

Temporary Chairman Sowder made a rousing speech, declaring Floyd county was still in the Fifth District and that they would continue to resist the unconstitutional enactment of the Legislature by stamping on the ballots this Fall the name of the Fifth District and also the name of the nominee of the convention.

Foley's Kidney Remedy will cure any case of kidney and bladder trouble not beyond the reach of medicine. No medicine can do more. Robt. R. Bellamy.

ELABORATE GREEK WEDDING

Solemn and Impressive Ceremony Unites in Marriage Miss Alexandria Mecropoulos and Mr. C. Marcopoulous.

A beautiful and elaborate wedding was celebrated at the hospitable home of Mr. and Mrs. D. Vafiadi, No. 5 North Ninth street, at 8 o'clock last evening, when Miss Alexandra Mecropoulos, an attractive and charming young lady, one of the most popular of the Greek colony in Wilmington, became the bride of Mr. C. Marcopoulous, a prominent and prosperous business man of Jersey City, N. J.

The solemn and impressive ceremony was performed by Rev. Father J. Alexopoulos, of Washington, D. C., according to the service of the Greek church, differing materially from the usual marriage ceremony. There were present relatives of the contracting parties and a few prominent Wilmingtonians, friends of Mr. and Mrs. Vafiadi, and the ceremony was witnessed with intense interest by those who had never had the pleasure of attending a Greek wedding before. One was especially struck with the solemnity of the occasion. It was the first Greek wedding ever solemnized in this city.

The Vafiadi home was beautifully decorated throughout, Southern smilax, ferns, palms and white crepe paper being used most effectively. The bride, a most beautiful and graceful young lady, never looked more beautiful than in her exquisite wedding gown of lingerie over pink silk. She carried a lovely bouquet of bride's roses.

Following the ceremony there was a reception, at which a salad course and other dainty refreshments were served.

The bride is a sister of Mr. E. Dinos, the well known merchant at Fifth and Castle streets, with whom she has made her home since coming to this city four years ago. She is one of the most popular of the Greek young ladies in Wilmington and has a wide circle of friends. Mr. Marcopulous is the proprietor of a hotel in Jersey City, N. J., and is one of the most prominent Greeks in that city. He and his bride will be here until Saturday morning when they will leave for Jersey City, where they will reside.

The Greeks of this city have no regular rector, hence Rev. Father Alexopoulos, rector of one of the largest Greek churches in Washington, came to Wilmington to perform the ceremony. He arrived some days ago and has been the guest of Mr. and Mrs. Vafiadi. He will return to Washington Saturday. It will be of interest to many to know that the ceremony that united in marriage the Greek Ambassador at Washington and Miss Cockerel, daughter of Senator Cockerel, of Missouri, was performed by Rev. Father Alexopoulos.

Mr. Vafiadi, at wohse home the happy event of last night was celebrated, is not related to either the bride or the groom, but he rather acts in the capacity of Greek consul here, being considered the leader among the Greek colony. There is no Greek consul here at the present time, however.

PEARSON HOLDINGS SOLD.

Speculation as to What Purchasers Will Do With Securities.

New York, July 28.—Now that the sale of the so-called Pearson holdings of the Rock Island, Lehigh Valley, Wabash, Missouri Pacific and Denver and Rio Grand stock is confirmed Wall street was asking what the Kuhn-Leob syndicate, the purchasers, purpose to do with the securities.

Dr. W. F. Pearson with his British associates acquired the stock late in 1908 and early in 1910 with the dream of a vast trans-continental system. This plan now must be abandoned temporarily at least, but the opinion is divided as to whether it will be revived under new and more powerful guidance. One member of the purchasing syndicate said positively this afternoon that "We have no plans for a new trans-continental railway system, and the purchase does not embrace control of any of the properties whose stocks we have acquired."

On another hand another bank concern said that Dr. Pearson's project would be shelved only for the time being. While the primary object of taking over the holdings, he said, was to save an awkward market situation yet he was of the opinion that Huhn, Loeb & Company and their friends, including some of the most important banking interests in Germany, would seek to carry out the idea too big for the Pearson group to swing.

Notwithstanding the sale there is apparently no disposition on the part of the banker's syndicate to dispense with the services of Dr. Pearson and his English associate Percival Farquhar, both of whom are likely to remain directors of the railway's companies concerned as heretofore.

The American members of the syndicate acting with Kuhn, Loeb & Company include the First National Bank, a Morgan institution but not the Morgan banking house itself, it is emphatically declared is in no way a party to the syndicate. It is believed, however, that Kuhn, Loeb & Company syndicate will ere long sell to J. P. Morgan & Company its newly acquired Lehigh Valley holdings, so that the road will remain in the hands of the Drexel-Morgan interests where it has always been.

The amount of stock transferred totals several hundred thousand shares. The amount of cash paid by the bankers is probably from $12,000,000 to $15,000,000, or little more than half the sum the Pearson syndicate is believed to have expended for its disastrous experience.

DAVID CALLENDER DEAD.

Prominent Presbyterian of Petersburg, Native of Glasgow, Scotland.

Petersburg, Va., July 28.—David Callender, last survivor of the group of citizens who more than a half century ago organized the Second Presbyterian church in this city, and who had been for more than 40 years an elder of that church, died shortly before midnight, aged 80 years. He was born in Glasgow, Scotland, and came here in 1851. For nearly 50 years he was identified with the Ettrick and Matoaca Cotton Manufacturing Company, operating mills in this city. His wife and five children survive.

GERMANS GATHER AT BEACH

Permanent Organization of State Branch National German-American Alliance to be Formed Tonight —Visitors.

Nearly if not quite all of the Wilmington Germans and descendants of Germans who attended the great bicentennial celebration at Newbern this week have returned to the city, the majority arriving yesterday. Some returned Wednesday night while others probably will arrive today.

Those returning yesterday were accompanied by Hon J. D. Cappelmann, of Charleston, S. C., fourth vice president of the German-American Alliance, and Mr. M. A. Timm, of Philadelphia, secretary of the National Alliance, who are being entertained at Hanover Seaside Club, Wrightsville Beach, where will be held at 8:30 o'clock tonight an adjourned meeting of the State branch of the society formed at Newbern. The meeting tonight, at which all interested in the movement are not only invited but urged to be present, is for the purpose of effecting a permanent organization. As stated in The Star yesterday morning temporary organization was effected at Newbern by the election of Mr. M. G. Tiencken, of this city, chairman; Mr. J. G. L. Gieschen, of this city, secretary, and Mr. W. F. Aberly, of Newbern, vice president. Messrs. Cappelmann and Timm will make addresses at the meeting tonight and will assist in the organization of the State branch, headquarters of which will be in Wilmington, where reside many of the most prominent Germans and descendants of Germans in the South. After the State branch has been formally organized, luncheon will be served at the club.

The movement for the organization of a State branch of the National German-American Alliance took concrete form at a meeting of prominent Germans at the handsome club rooms of the Howard Relief Club some months ago, when an address was made by the Hon. J. D. Cappelmann, of Charleston, who has many warm personal friends in this city. Since then local Germans and those residing in other North Carolina towns have been active in their preparations for effecting the organization this week.

The Recorder's Court.

Jim Woimack, colored, was the lone defendant in a brief session of the Recorder's court yesterday morning. He is a denizen of Hanby's Row and was indicted by neighbors on the charge of disorderly conduct. They testified that he made it rather lively in "the row" at times and made it plain that they could get along better without him. So the Recorder suspended judgment upon condition that the defendant move from the neighborhood of Hanby's Row immediately. Recorder Furlong rendered his decision in the case against Alderman J. B. Fales, tried at Wednesday's session on the charge of failure to secure a dog badge, the action was dismissed, the defendant having proved to the satisfaction of the court that the badge had been purchased, but that it had been lost.

TROOPS WATCH STRIKERS

Strike Breakers Also Quit Grand Trunk—Quiet Yesterday.

Durand, Mich., July 28.—Upon the arrival here today of four companies, first regiment, Michigan National Guard, called from Detroit to prevent any disorder that might arise in connection with the strike of Grand Trunk Railway trainmen, a mass meeting of citizens assembled to register protest against Governor Warner's action in ordering out the troops.

The strikers, it is said, are offering strike breakers the regular strike allowance from the strike fund and many of the new men are deserting the company. A brakeman on the train carrying the troops into Durand was persuaded to leave his post at Pontiac. There has been no trouble today.

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md. — "For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Ford, 2207 W. Franklin St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

HORNET TO NICARAGUA.

Report That Cruiser is to be Fitted Out for Estrada.

New Orleans, July 28.—With plans laid by the local representatives of the Madriz government of Nicaragua to prevent, if possible, the fitting out of a war vessel for the Nicaraguan insurgents, the converted yacht Hornet, which saw service in the United States navy in the war with Spain, is expected to arrive here from Norfolk, Va., tomorrow. It was recently purchased by the Stern Shipyards & Foundry Company, of New Orleans. In spite of the fitting out of the Venus at New Orleans, the local representatives of Madriz claim that the United States government cannot permit the Hornet to leave New Orleans for Bluefields, when they contend, it is well known that the little gunboat is intended for use against a country with which the United States is at peace.

Nathan Stern, who bought the Hornet from the Navy Department, has never admitted that he had any idea of selling it to Estrada, although this report has been generally believed. Mr. Stern says the vessel was bought as an investment.

Washington, July 28.—The converted yacht Hornet expected to reach New Orleans tomorrow, is an object of no interest to the revolutionary party in Nicaragua, according to a statement made tonight by the representative of Gen. Estrada here. The time has gone by, he declares, when a war vessel could be of use and the revolutionary forces are too well advanced toward the interior to make the presence of the Madriz armed vessels off Bluefields objects of menace.

While declining to acknowledge or deny that the Hornet was bought for the purpose of transforming it into a revolutionary craft, Senor Castrillo, Estrada's representative in Washington, declared it would be of no possible assistance at this time. The declaration of the United States that has kept Bluefields open permits the passage of munitions of war and provisions to the revolutionary base, and he points out that a warship might prove a source of real embarrassment instead of a help to the Estrada cause.

CLOAKMAKERS MAY RETURN.

Plan to Settle Strike of 50,000 in New York at Conference.

New York, July 28.—Representatives of the 50,000 striking cloakmakers and of the Manufacturers' Protective Association in conference today, made substantial progress toward a settlement of their differences. A joint statement issued tonight says that they will meet again tomorrow when it is hoped a decision will be reached.

The meeting today was presided over by Louis D. Brandeis, of Boston, who recently was counsel for Glavis in the Ballinger-Pinchot investigation. After adjournment Mr. Brandeis said: "All present recognized the seriousness of the questions and the importance of reaching an early and sound conclusion."

EMPLOYE DISMISSED.

Gave Testimony Against Superior Officer That Was Not Substantiated.

Norfolk, Va., July 28.—J. F. Jordan, an employe of the city water department, was summarily dismissed today because in the recent investigation into that department he gave testimony against his superior officer which was not substantiated.

Judge Hanckel, of the Corporation Court, today announced that it would be same days before he would be able to give his decision in the case of Thomas S. Purdie, a member of the city Board of Control, who was suspended by Mayor Riddick, for dereliction of duty and misconduct in office, following the investigtion instituted by the mayor.

WOLGAST AND M'FARLAND.

Acceptance of Terms for Fight at New Orleans Later.

New Orleans, July 28.—Tommy Walsh, match maker of the New Orleans Athletic Club, who has offered a purse of $10,000 for a twenty round bout in this city between Ad Wolgast and Packy McFarland, on Labor Day, announced today that he has received acceptances of the terms from both fighters, but with important reservations. The opinion is expressed here that Promoter Walsh will not be able to get the men to agree on the weight.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

No woman who bears children need suffer during the period of waiting, nor at the time of baby's coming, if Mother's Friend is used as a massage for the muscles, tendons and glands of the body. Mother's Friend is a penetrating, healthful liniment which strengthens the ligaments, lubricates and renders pliant those muscles on which the strain is greatest, prevents caking of the breasts by keeping the ducts open, and relieves nausea, backache, numbness, nervousness, etc. Its regular use will prepare every portion of the system for the safety of both mother and child and greatly reduce the pain and danger when the little one comes. Mother's Friend is sold at drug stores. Write for our free book, which contains valuable information for expectant mothers.

FINANCIAL and COMMERCIAL

JULY COTTON VERY ACTIVE

No Sensational Fluctuations But Market Ruled Generally Higher—Close Steady at Advance—Sentiment Nervous.

New York, July 28.—While there was no such sensational fluctuations in July cotton as yesterday, the market continued very active today and ruled generally higher with December and later positions, making new high records for the season on a broadening general demand attributed to bullish reports from the new crop and talk of an improvement in the demand for cotton goods.

The close was steady at a net advance of 5 to 11 points. The market opened firm at unchanged prices on July, but generally 8 to 12 points higher on steady cables, continued dry weather in the southwest and a rush of overnight covering orders. Realizing was heavy around the initial figures and while July steadily improved after opening at 15.90, the later months worked off 9 to 10 points from the best during the middle of the day under profit-taking for over the week end and the government report. Private crop advices continued very bullish however, with a condition report issued by a prominent local authority indicating a deterioration of fully five per cent. during the past month and offerings were so well absorbed on moderate reactions as to suggest a rather general scaling down of new crop views. Many early sellers who found their offerings so well absorbed, turned to replace their cotton in the late trading, and while the close was a little off from the best there was at no time any sign of weakness. It was estimated that July notices for over 80,000 bales were issued during the morning, making nearly 200,000 bales that had been tendered the bulls since the first of the month but these notices were quickly stopped and July sold at 16.05 or 15 points above the closing figures of last night the close at 15.80 bid. Tomorrow will be the last day of trading in July and sentiment was still nervous in the late trading owing to apprehensions that there might yet be some belated short interest. Southern spot markets were 1-8 lower to 1-4c higher.

Receipts at the ports today 2,444 bales against 7,998 last week and 2,510 last year, for the week 30,000 bales against 56,441 last week and 18,401 last year. New Orleans 491 against 468, Houston 157 against 80.

Spot closed quiet 20 points higher; middling uplands 16.05; middling gulf 16.30; sales 23,052.

Futures opened firm and closed steady.

COTTON MARKET YESTERDAY.

Shorts Large Buyers on Activity of Bull Leaders—Conditions.

(Special Star Telegram.)

New York, July 28.—Cable reports were better during the day than at first and our market opened with unusual animation and an advance from which there was a reaction on profit taking with heavy selling for foreign account. The activity of the bull leaders was confined to the support of the old crop, but outside speculation interest has been stimulated and the shorts were large buyers. Crop reports are not good. The Journal of Commerce says that Georgia outlook is gloomy, Texas is still dry and hot. Private estimates of the crop condition makes a decline of 5.1 per cent. The belt otherwise than above shows generally good weather. The tendency of the trade is to support prices till the government figures are out of the way. Should the market then be overbought, present prices would appear high.

It has saved thousands of hopeless sufferers. It masters stubborn colds, obstinate coughs, hemorrhages, lagrippe, croup, asthma, hay fever and whooping cough and is the most safe and certain remedy for all bronchial affections. 50c, $1.00. Trial bottle free at Robert R. Bellamy's.

SAVED SACRIFICE OF STOCKS

Blocks of Securities Hanging Over Market Taken Over by Powerful Banking Syndicates—Cause for Rapid Advance.

New York, July 28.—The further material recuperation of stock market values today followed the disclosure in additional details of the arrangements by which heavy blocks of securities, hanging over the market had been taken over by powerful banking syndicates, thus saving the necessity of further sacrifice of values in a ruthless sale in the open market with no demand sufficient to absorb the offerings.

Attention was focused on the operation dealing with the Pearson syndicate holdings taken up by Kuhn, Loeb & Company, and foreign associates. The circumstantial and authentic reports on this transaction gave it a major interest, but there were conjectures of other similar settlements, especially one growing out of a project of railroad amalgamation as ambitious almost in scope as the one overtaken by the transfer admitted. The effect of these developments on the speculative tone of the market was electrical. The relief from threatened liquidation of dislodged holdings was enough in itself to change the complexion of the outlook. To this was added the room for surmises over the new combinations and changes of control possibly to be effected out of the new ownerships of shares.

There was some anxiety snown in the direction of this surmise so far as it supposed the possibility of these new holdings coming back on the market at more advantageous opportunity. The bad effect of this supposition was neutralized by intimations of the probable permanent character of the new investment. The sudden adjustment of so dangerous a situation left a very large short interest uncovered in the market which had counted on a continuance of a forced liquidation to depress prices to a still lower level. The bear party were large and urgent buyers in all departments of the market and their necessities made it easy for their opponents to bid prices up on them rapidly.

The low level to which prices had been forced proved attractive to investors when the fact became known of the clearing of the situation.

The currents of the money movement continue to move towards the strengthening of New York bank reserves, in spite of some offsetting movements. The corn crop advices were more favorable today and the poor cotton reports were disregarded.

The reports of restriction of copper production took more concrete form with the authrity for them given by name and including the president of the Amalgamated Copper Company.

Bonds were firm. Total sales par value $2,384,000. United States bonds were unchanged on call. Total sales for the day 938,700 shares.

THE GRAIN MARKET.

Chicago, July 28.—With receipts of wheat at primary markets today reaching a total nearly double that of a week ago and considerably more than at the corresponding time last year, a heavy tone developed. The July delivery was an exception because the wheat which is arriving cannot be unloaded into public elevators soon enough as a rule to be available for this month's contracts. The close, although showing a full cent advance for July was off 3-8c to 1 3-8c for the other options. Cooler weather and rain let down corn, which finished at a net decline of 2 to 2 3-4. Oats made a similar record to the extent of 1 to 1 1-8 to 1 3-8 and provisions 10 to 30c barring July pork, a fixture at last night's level.

Cash: Wheat No. 1 red 1.05 7-8 to 1.06; No. 2 red 1.03 7-8 to 1.05 1-2; No. 3 red 1.02-3-4 to 04 1-2; No. 1 hard 1.04 to 1.06; No. 2 hard 1.03 3-4 to 1.05 1-2; No. 3 hard 1.02-3-4 to 1.04 1-2; No. 1 northern 1.24 to 1.26; No. 2 northern 1.18 to 1.23; No. 3 1.15 to 1.20; durum 92 to 1.01.

Corn—No. 2, 65 to 65 1-2; No. 2 white 67; No. 2 yellow 67; No. 3, 64 1-2; No. 3 white 66; No. 3 yellow 66; No. 4, 62 to 63; No. 4 yellow 62 to 63 1-2.

Oats—No. 2 37 1-2; No. 2 white 40 to 41; No. 2 white new 38 3-4; No. 3 white new 38 1-4; No. 3 white 38 1-2 to 39 1-2; No. 4, 34; No. 4 white 36 1-2 to 38 1-2; standard new 39 to 39 1-2.

Charleston, S. C., July 28.—Turpentine firm 69 to 69 1-4. Rosin firm. Quote: A, B, C, 5.65 to 5.70; D, 5.82 1-2; E, 5.87 1-2 to 5.90; F, 6.00; G, 6.10; H, 6.15; I, 6.20; K, K, 6.30 to 6.35; M, 6.90; N, 7.15; WG, 7.20; WW, 7.25.

THE DRY GOODS MARKET.

New York, July 28.—The dry goods market showed a better tone during the day. Cotton goods are firmer and in gradually improving demand. Yarns are firmer. Linings are being bought more freely. Staple prints are being ordered more generally. Dress goods are quiet and cutters are awaiting the outcome of the strike among the garment workers.

Those Pies of Boyhood.

How delicious were the pies of boyhood. No pies now ever taste so good, what's changed? The pies? No. It's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Liver, Kidneys, Bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at Robert R. Bellamy's.

MR. UNDERWOOD'S REMEDY.

Would Have Another Convention With an Advisory Committee.

Fayetteville, N. C., July 28th, 1910.

Mr. Editor:—It is evident to me after hearing hundreds of people discuss the situation and after reading the newspaper comments and communications, and "passage at arms" between the alleged nominees, that the situation in the Sixth district can be relieved in only one way, and that is that all parties agree upon a date for the convention to reassemble, in the meantime asking the State Committee to appoint a sub-committee to act in an advisory capaciy to the convention upon all of the disputed points that may arise concerning the proper construction of the plan of organization, and agree to accept its arbitrament without question.

The general concensus of opinion seems to be that nobody has been nominated; that both of the alleged nominees were "nominated" by the same votes, and the inconsistency is about as great with one as with the other in the manner of conducting the doubleheader convention.

Is not this the only course that will satisfy everybody, and the only sane and safe course to pursue?

That seems to be the opinion of hundreds of people with whom I have talked, and I make this suggestion as the only thing that will satisfy everybody, and one that nobody will object to. Respectfully,

JOHN UNDERWOOD.

Hay Fever and Asthma.

Bring discomfort and misery to many peope, but Foley's Honey and Tar gives ease and comfort to the suffering ones. It relieves the congestion in the head and throat and is soothing and healing. None genuine but Foley's Honey and Tar in the yellow package. Robt. R. Bellamy.

The messages from the merchants are always interesting—and usually affect the "state of your purse."

The COLUMBIA Refrigerator

If there is one thing more than another that a person should choose with care it is their refrigerator.

Your health is, to a certain extent, dependent upon it; for in it, for keeping, is placed the food you eat—your refrigerator must preserve.

The Columbia is the best by actual test—in it things keep perfectly—no taint—all parts easily removed for cleaning—we have them with both galvanized iron and white enamel finings. Prices $8.50 up. Water coolers all sizes.

PEACE AGAIN IN HONDURAS.

Indicated by Dispatches From Port Cortez—Banana Trade Resumed.

New Orleans, July 28.—Cable dispatches from Port Cortez received tonight announce that the embargo on banana shipments to the United States has been raised and that regular service has been resumed on the Honduran Railroad running into the interior. These cables are taken as indications that peace again reigns in the little republic.

When revolutionary outbreaks were recently in evidence along the coast of Honduras the banana trade with the United States, which is extensive, ended very abruptly. It was generally understood that all laborers would be conscripted for the army of defense and that the government would use the railroad for military purposes exclusively. This seriously crippled steamship lines running to New Orleans, Mobile and Tampa.

Cable messages received in New Orleans tonight, however, announce that regular service of the railroad would be immediately resumed, that there are more than sufficient laborers to handle the bananas and that the steamer Viator will sail for New Orleans next Saturday with a full cargo. Service to other gulf ports will also be started again.

While the commercial conditions are interpreted by New Orleans as an indication that President Davila is confident of maintaining peace there is much speculation in the Central American colony here as to the whereabouts of Manuel Bonilla last reported as preparing for an attack at some point on the coast.

JUSTICE LURTON TO LAWYERS.

Speaks to Maryland and Virginia Bar Association—Able Address.

Hot Springs, Va., July 28.—The feature of today's joint session of the Maryland and Virginia Bar Association was an address delivered by Associate Justice Lurton, of the United States Supreme Court, on the subject: "Which Shall it be, a Government of Law or a Government of Men?"

"Is there not," asked the justice, "a growing disposition to disregard the limitations which we have placed upon those in authority and a tendency to applaud the doing of things which we wish done, regardless of whether they are lawful or unlawful? If one in power does things which displease us, we are swift to inquire into his authority, but is that so if the thing done meets with our approval?"

Justice Lurton held that the Supreme Court is not a legislative body, that its functions are interpretive, and that the government will be best operated by a proper regard for the equality and independence of the legislative, executive and judicial departments.

He is of the opinion that the great influx of immigrants is responsible for much of the popular dissatisfaction with the law.

This evening was devoted to the joint banquet of the occasion, with H. St. George Tucker, of Virginia, as toastmaster. It was a brilliant entertainment, as may well be imagined.

CHOLERA IN RUSSIA.

Daily Average of 40 Cases and 12 Deaths at Capital.

St. Petersburg, July 28.—The extent of the cholera epidemic is revealed in figures made public today by the government sanitary commission. The stricken region now includes forty-two provinces and territories of European Russia and since the outbreak of the disease last May there have been a total of 37,652 cases, with 16,651 deaths.

Recently there has been a startling increase in the number of victims. During the week ending July 23rd, no less than 13,374 cases were reported, and of these 5,979 terminated fatally.

Some time ago the scourge made its appearance in this city and for the past fortnight there has been a daily average of 40 cases and 12 deaths in the capital. Yesterday there were 54 cases and 14 deaths reported here. In the local hospitals there are 514 cholera suspects, including 38 children.

DECIDEDLY EMPHATIC

Charlotte Chronicle's Editorial Comment on Sixth District Snarl.

Charlotte, N. C., July 28.—The Chronicle this afternoon says editorially:

"Congressman Godwin has proposed to Mr. O. L. Clark to have it over. In other words, he wants Clark, who was nominated by the regular convention at Wrightsville, to consent to repudiate his own nomination and agree to another convention. Godwin's suggestion is framed in brass tacks and underscored in brass lines. Clark could accept no such proposition and keep faith with the party. Mr. Godwin would prove his party loyalty by withdrawing in favor of Clark, especially since he has declined to abide by the decision of the State executive committee."

WATERWAYS CONVENTION.

Third Annual Convention at Providence Beginning August 31.

Washington, D. C., July 28.—The third annual convention of the Atlantic Deeper Waterways Association, at Providence, R. I., on August 31st, will continue for four days. A big programme of entertainment has been arranged by the Providence people for this convention. Specially cheap rates are in force, and all Southern parts should have a delegation at this gathering of waterways people.

Mr. H. M. Dickson, vice president of Norfolk, writes as follows about the convention:

The third annual convention of the Atlantic Deeper Waterways Association will be held in Providence, R. I., on August 31, September 1, 2, 3.

The citizens of Providence are making preparations to entertain the delegates in magnificent style. The headquarters of the convention will be at the Narragansett Hotel. The programme of entertainment will include a banquet, a Rhode Island clam bake, a naval review at Newport, and many other diversions occupying the last two days of the convention. The first two days will be devoted to the business of the association.

No section of the Atlantic seaboard is more interested in free inland waterways than Virginia and the Carolinas, it is therefore extremely important that a large and representative delegation should attend the convention from these States.

Arrangements have been completed with the Merchants & Miners' Transportation Company to put on a special steamer, leaving Norfolk on Monday evening, August 29, at 7 P. M., reaching Providence Wednesday morning, August 31. A special rate of $17 for the round trip has been secured, including meals and state room and is good for thirty days.

WOMAN SUICIDE.

Member of Prominent Family in Spartanburg, S. C., Kills Self.

Spartanburg, S. C., July 28.—Mrs. Marion B. Jennings, committed suicide this morning at 8:30 o'clock by shooting herself with a pistol. Two shots were fired and but one took effect. The ball struck the woman in the head and death was instantaneous. Mrs. Jennings had been in ill health for some time and the deed is attributed to despondency over her physical condition. She was in her bed room on the second floor of the Jennings residence on Pine street while other members of the family were at the breakfast table. They heard the shots and rushed to the room to find Mrs. Jennings dead in a pool of her own blood.

Mrs. Jennings married Marion B. Jennings some time ago. She was a widow at the time. Her first husband's name was Beard and they had four children, who survive her. She had no children by her second marriage. They moved to this city some time ago from Yorkville and Mr. Jennings had practiced law. He is a son of State Treasurer Jennings. During their residence in this city both Mr. and Mrs. Jennings had made many friends, who regret to learn of her sad end.

GERMANY WON'T ASSIST.

Declines to Entertain the Request to Use Friendly Offices.

Berlin, July 28.—Germany has declined to entertain the request of President Madriz that this government use its friendly offices to put a stop to what is termed the interference of the United States in the affairs of Nicaragua.

The Nicaraguan circular note to the Powers, in which a protest against the attitude of Washington toward the rebellion was coupled with a plea for foreign intervention was received by the foreign office on June 16, by cable direct from Managua. As Nicaragua has no diplomatic representation at Berlin, the reply was made through Herr De Buch, the German minister to Central America, resident at Guatemala City. The latter was informed of the receipt by the foreign office of the communication from President Madriz and directed to answer that the German government could do nothing in the matter.

In a statement issued today J. F. W. Pein, the Nicaraguan consul general at Berlin, cautions the public not to believe the reports of insurgent victories. These reports, he says, are invented at Bluefields at the headquarters of Gen. Estrada, the leader of the insurrection.

CONSTITUTION MARVEL.

Superintendent and Gangs Do Not Wait to Receive Instructions.

Marquette, Mich., July 28.—A remarkable record in rapid bridge construction has been achieved on the South Shore & Atlantic Railroad, near Breuces Crossing. A bridge 513 feet long and 30 feet high was destroyed by fire.

When the news of the damage reached headquarters material to place the burning structure was rushed forward and when the first of it began to arrive Superintendent of Construction William Noon and men were on the ground to receive it.

There was no waiting for plans and specifications. They went right to work. Thirty-two hours after the framing of the bridge was begun it was ready for trains, with the rails laid and everything secure.

It was a substantial structure, strong enough to bear the heaviest train without danger of accident and through all the hours that it was building, Mr. Noon was steadily on the job.

TURFMAN'S CLOSE CALL.

Narrowly Escapes Death in Water Off Coney Island, N. Y.

New York, July 28.—Charles Rowe, one of the best known racing men of the South, whose home is in New Orleans, but who is spending the Summer at Sheepshead Bay, is recovering today after a narrow escape from drowning at Coney Island yesterday.

Mr. Rowe had gone in bathing and was seized with a cramp when half a mile off shore. His struggles were seen from shore and two friends hurriedly manned a life boat and rowed quickly to his rescue. They reached Rowe as he was sinking for the third time.

One of them caught him by the arm and pulled him into the boat unconscious. He was taken ashore and after a half hour's work was revived and sent back to his hotel in a carriage.

WELDON NEWS NOTES.

Personal and General Items From Halifax Town.

(Special Star Correspondence.)

Weldon, N. C., July 28.—Capt. J. S. Barr went to Norfolk the past week.

Mr. John B. Sledge is visiting relatives in Norfolk——Mrs. J. S. Barr spent several days in Greenville the past week——Mr. Frank Joyner was a visitor here this week——Mr. and Mrs. T. C. Harrison are spending the Summer in Franklin county——Miss Jessie Green has returned home from a visit to Scotland Neck.——Postmaster J. O. Burton has returned home from a visit to Norfolk.

Mr. E. L. Hudson has returned home from a visit to Emporia.

Mr. and Mrs. Guy Hudson and little daughter, Mary Louise, of Durham, are visiting relatives in town.

Mr. and Mrs. W. M. Cohen have returned home from a visit to Virginia Beach.

Mr. and Mrs. E. T. Zollicoffer and children are spending a few weeks in Northampton county.

Master Louis Daniel and Miss Narcissa Daniel are visiting relatives in Raleigh.

Mrs. H. A. Willis, of Dillon, S. C., was a visitor here this week.

PROCTOR APPEARED IN COURT

His Wife Swooned When He Failed to Recognize Her.

Cincinnati, O., July 28.—Percy Proctor member of the wealthy Cincinnati family, appeared suddenly in court here today and faced his wife, the former Baroness Nadine Von Klifurs for the first time in many months. Upon his failure to recognize her, his wife promptly swooned.

Proctor instituted the case in which he testified today to stop the transfer of $40,000, worth of stock which his wife claims was given her in furtherance of a marriage contract, made in Barlin before the American consul.

By this agreement, which Proctor acknowledged, he was to settle upon her 200,000 fracs, the marriage to take place when she had succeeded in divorcing the Baron von Klifuss. Shortly thereafter, however, the Baron died. Proctor, on taking the stand in his own behalf acknowledged the genuineness of the contract and said that he gave a note for $40,000 in fulfillment. Her family asked for "something tangible" he said, so he put up the stock "as collateral" and the marriage took place in London, October 14, 1909.

"It was understood that title to the stock was to remain in my name and that my wife was to have the income from it.

Proctor under oath then charged the former baroness and Joseph de Wyckoff, a solicitor of London, with being parties to a conspiracy to obtain not only the stock in question, but also all the money possible to be obtained from him.

He asserted that his wife turned the stock over to DeWyckoff as soon as it reached her hands, that she concealed this from him and that he learned of it only when they reached her chateau at Mentone, France. He then wrote to his Cincinnati counsel and suit was filed to prevent the transfer of the stock on the books of the company. Court adjourned with Proctor still on the stand.

TO AID AVIATORS

Mrs. Sage Ready to Advance Money Provided Plan is Practical.

Garden City, N. Y., July 28.—Mrs. Russell Sage has developed into an aeroplane enthusiast. She has no intention of making a flight herself, but has said she would do all in her power to help the development of aeroplaning, and she wants particularly to see that woman has a part in the work.

Mrs. Sage was a part inSHRDLU

Mrs. Sage was a visitor at the Aero Club's aviation field as the guest of Miss E. L. Todd, whose work on an aeroplane of her own design has earned for her the distinction of being America's only woman aviator.

"I hope to see many women engaged in the efforts to solve the problem of human night," said Mrs. Sage to her interviewers. "I am earnestly interested in all efforts made by women along such lines and shall gladly give them any aid in my power.

"Of course, I received hundreds of letters from inventors who seek my assistance and I can not give aid indiscriminately. But I shall gladly help any woman who has a practical plan."

WATERWAY NEARS COMPLETION

Only 7,000 Feet Of Inland Route To Be Dredged.

Beaufort, N. C., July 26.—Work on the inland waterway between Pamlico Sound and Beaufort Inlet, which forms a part of the route between Norfolk and this city, is progressing favorably. The dredges at work on this improvement are at present only 7,000 feet apart, and it is expected that the two ends will meet by December 1.

Officers of the United States Engineer Corps are considering the advisability of building stone jetties in order to cut out what is known as the bulkhead channel in Beaufort harbor. It is estimated that 3,000 tons of stone will be requred to complete the breakwater. When this project is finished vessels drawing 10 feet of water will be able to come to Beaufort's wharves.

The United States dredge Cape Fear is still at work on Beaufort bar, dredging a 20- foot channel.

The New Bonds

If you have North Carolina Four Per Cent Bonds, due July 1st, 1910, send them to us for payment or exchange for the new issue. We purchased $150,000.00 of the new Bonds, which are free of all taxes, and being a State depository are prepared to take up the maturing Bonds.

THE SOUTHERN NATIONAL BANK

SEEK UNITED WIRELESS BOOKS.

Grand Jurors Have Company Officers Cited in Contempt Action.

New York, July 28.—The Federal grand jury, having experienced trouble in getting certain books of the United Wireless Company, today had Christopher C. Wilson, president of the company; Samuel S. Bogart, vice president; Francis X. Butler, and Cloyd Marshall, secretary, cited before Judge Hand, in the United States Circuit Court, to show cause why they should not be punished for contempt in not producing the eighteen books wanted.

Counsel for the defendants told Judge Hand that 99 books had been surrendered to the government. Judge Hand appointed Charles P. Howland as special master to make an investigation regarding the alleged missing books.

Messrs. Wilson and Bogart and other officials of the company were arrested last month on a charge of using the mails to defraud investors by misrepresenting the value of stock for sale.

INCREASE OF THEIR WAGES.

Announcement of Award in Favor of the Telegraphers.

Little Rock, Ark., July 28.—An increase of 6 per cent. or an average of $5 per month, was announced here today by the board of arbitration, which under the Erdman act, has been considering the wage controversy between the iMssouri Pacific Railroad and its 1,200 telegraphers.

tween the Missouri Pacific Railroad represented the Missiuri Pacific Company, Commissioner F. J. Ryan, of Kansas, presented the case of the telegraphers, and W. L. Chambers of the Interstate Commerce Commission, was a member of the board.

In accordance with the Erdman act both sides will be compelled to accept the award.

GRAND TRUNK STRIKE.

Arrival of King's Minister of Labor at Montreal, Quebec.

Montreal, Que., July 28.—The arrival here tonight of W. L. MacKenzie King's Minister of Labor, has again started rumors of a settlement of the Grand Trunk strike by arbitration. Mr. MacKenzie's arrival in Monteal was preceeded by a large number of telegrams sent to Vice President Murdock, of the trainmen, and President Hayes, of the Grand Trunk, by Mayors and Boards of Trade in Ontario cities, asking them to settle the strike by means of arbitration in the interest of the public.

UNWR..TEN LAW

Prisoner Accused of Murdering Wealthy Keeper of Saloon.

New Orleans, July 28.—Basing their appeal on the "application of the unwritten law to women, e Era Club, one of the leading women's organizations of Louisiana, has called upon all other organizations of women to pledge their support to secure the exoneration of Mamie McLoughlin, charged with murder.

Miss McLoughlin shot and killed Hugh Smith, a wealthy saloon proprietor when she met him, accompanied by another woman, on St. Charles avenue here, several days ago.

POLICE SUBDUE RIOTERS.

Disturbances Near Shgar Refinery Whose Men Are on Strike.

New York, July 28.—Rioting broke out today in the vicinity of the big Williamsburg plant of the American Sugar Refining Company, Where a strike is in progress.

Police reserves were summoned. Several persons were reported injured and ambulances were sent from near-by hospitals.

Lincoln, Neb., July 28.—William J. Bryan will continue the contest for county option and the initiative and referendum.
